

EXAMINATION RESULTS
NCEES FUNDAMENTALS OF ENGINEERING EXAMINATION

All examinees will be notified of their examination result at the same time. Information concerning scoring methods and pass rates can be obtained from the NCEES web site www.ncees.org

Examination results will be provided as either pass or fail. Individual examination scores are not provided.

It requires approximately 3 months to determine the results of the examination. That information will be provided to you as soon as possible.

Do not call or e-mail the Board office asking for the results of your examination.

Please keep the Board office advised of any change in your mailing address. All address changes must be made in writing. You may access a change of address form from the web site or you may contact the Board office to request that one be mailed to you.

The Missouri Board does not conduct a review of failed examinations.
