DIV-6

JUDGMENT AFFIRMING ORDER OF REVOCATION

The Record on Review in the above matter was filed on January 13, 2011.

Petitioners' brief was due 30 days thereafter. On February 16, 2011, petitioners requested until March 17, 2011 in which to file their brief. On March 5, 2011 -- after the Court's March 1, 2011 order lifting a previously-entered stay of respondent's December 21, 2010 order revoking petitioners' licenses -- respondent requested that the Court enter a briefing schedule.

On March 8, 2011, the Court granted that motion, ordering that petitioners' brief be filed within 30 days. Petitioners never filed a brief, and on April 15, 2011, respondent requested that the Court affirm respondent's December 21, 2010 order. In addition to not filing a brief as directed, petitioners have not filed suggestions opposing respondent's April 15, 2011 motion or otherwise indicating they object to the granting of the relief requested by respondent. Jackson County Local Rule 33.5.1.

For good cause shown, respondent's motion is **GRANTED**, and **IT IS HEREBY ORDERED, ADJUDGED AND DECREED** that respondent's "Findings of Fact,

Conclusions of Law and Disciplinary Order” issued December 21, 2010 revoking the funeral director’s licenses held by petitioner Ronald Marts, and the preneed provider and funeral establishment licenses held by petitioner Martron, LLC should be, and the same is hereby **AFFIRMED**.

IT IS SO ORDERED.
