The disabled language is primarily from 20 CSR 2120-2.020 and is being proposed to move to this regulation because it fits more appropriately with the current purpose of the existing rule.*

*PURPOSE: This rule clarifies the requirements to **disable a funeral director, embalmer license or preneed agent registration or** retire from the practice of funeral directing [and/or] embalming.*

**(1) A nonrenewable license, not valid for active practice in Missouri, will be issued at no charge to a currently licensed embalmer and/or funeral director, or registered preneed agent, upon presentation of a signed notarized statement from the licensee and a health care professional attesting to the fact that the licensee is disabled and is no longer active in the practice of embalming, funeral directing, or as a preneed agent. If the licensee desires at some future date to return to active practice in Missouri, the board shall issue a valid renewal license upon payment of the current renewal fee and completion of the applicable renewal application form.**

**(2)** Any person licensed to practice as a funeral director and/or embalmer in Missouri who is over sixty-five (65) years of age and who retires from such practice, **[shall] may** file with the board an affidavit, on a form to be furnished by the board, which states the date on which s/he retired from such practice, that **[s/]he/she** will not practice such profession and such other facts as tend to verify the retirement as the board may deem necessary; but if s/he thereafter wishes to reengage in the practice, s/he shall renew his/her registration with the board as provided in section 333.081.1 **and 333.325.5**, RSMo.

**([2]3)** For purposes of this section, a retired Missouri licensed funeral director and/or Missouri licensed embalmer is one who is neither engaged in the active practice of funeral directing/embalming nor holds him/herself out as an actively practicing funeral director/embalmer and has executed and filed with the board a retirement affidavit. A retired Missouri licensed funeral director/embalmer may keep his/her wall-hanging certificate after execution of a retirement affidavit but shall surrender, upon retirement, all other indicia of licensure.

**([3]4)** The rules in this division are declared severable. If any rule, or section of a rule, is held invalid by a court of competent jurisdiction or by the Administrative Hearing Commission, the remaining provisions shall remain in full force and effect unless otherwise determined by a court of competent jurisdiction or by the Administrative Hearing Commission.

- (B) Embalming, cremation, care, or preparation; and
- (C) Nothing in this subsection shall be construed to apply to persons exempt from Chapter 333, RSMo.

[(21)] (19) The taking of preliminary information by an unlicensed person will not be construed as the making of at-need funeral arrangements under this rule.

[(22)] (20) No temporary Missouri funeral director license authorized under section 333.041.7, RSMo, will be issued until the board has been advised as to the location of the Missouri licensed funeral establishment at which the temporary funeral director's license will be used. The holder of the temporary license shall be authorized to only work at the Missouri licensed funeral establishment(s) where the deceased and/or disabled Missouri licensed funeral director was authorized to work. **The holder of a temporary funeral director's license cannot serve as funeral director in charge of a Missouri licensed funeral establishment.** Violation of this rule will be deemed unauthorized practice of funeral directing.

[(23)] (21) The business and practice of funeral directing may be conducted only from a fixed place or establishment which has been licensed by the board.

**PROPOSED AMENDMENT**

**20 CSR 2120-2.070 Funeral Establishments**

*Purpose: The purpose of this amendment is to update the existing regulation's terminology, provide additional clarification regarding the chemical disposition process and provide for board discretion to allow a funeral establishment to continue operation at an approved temporary location.*

*PURPOSE: This rule clarifies establishment license classifications, establishment names, and the documents to be maintained by licensed funeral homes.*

(1) Application for a Missouri licensed funeral establishment license shall be made on the forms provided by the board and shall be accompanied by the appropriate fee. Applications are available from the board's office or the board's website [at <http://pr.mo.gov/embalmers.asp>]. Each application shall indicate which license classification is being sought.

(2) There shall be the following license classifications:

(A) Function A establishments shall have authority to embalm dead human bodies and to transport dead human bodies to and from the funeral establishment. An establishment licensed only as a Function A establishment is prohibited from the care and preparation of dead human bodies other than by embalming, and shall also be prohibited from making funeral arrangements or embalming arrangements with any unlicensed person, cremating, conducting visitations and funeral ceremonies, and furnishing any funeral service in connection with the disposition of dead human bodies, or selling of funeral merchandise. **Each Missouri licensed funeral establishment used solely or partially for embalming shall contain a preparation room that shall be devoted to activities incident or related to the preparation or the embalming, or both, of dead human remains and shall be equipped and maintained as described in 20 CSR 2120-2.090. Each Function A funeral establishment licensed for embalming shall maintain on the premises [in the preparation room] a register log.**

This establishment shall have a functioning cremation chamber **and/or functioning facilities for alkaline hydrolysis chemical process for final disposition of a dead human body**, except as otherwise provided by Chapter 333, RSMo, and the rules of the board. An establishment licensed only as a Function B establishment is prohibited from the care and preparation of dead human bodies other than by cremating, and shall also be prohibited from embalming, making funeral arrangements or cremation arrangements with any unlicensed person, conducting visitations and funeral ceremonies, and furnishing any funeral service in connection with the disposition of dead human bodies or selling funeral merchandise. In no event shall any licensee or licensed establishment cremate human remains in the same retort used for cremating non-human remains. **Each Missouri licensed funeral establishment which is used solely or partially for cremations shall be equipped and maintained as described in 20 CSR 2120-2.071. This function shall maintain on the premises in the cremation area a cremation log.**

(C) Function C establishments shall have authority for the care and preparation of dead human bodies, other than by embalming or cremating, authority to transport dead human bodies to and from the funeral establishment, make funeral arrangements, and furnish any funeral services in connection with the disposition of dead human bodies or the sale of funeral merchandise. **This function shall contain a separate area for the**

The establishment shall be equipped with seating for visitations or funeral ceremonies, casket bier, register book stand, and officiate stand. Each Function D funeral establishment shall maintain on the premises a register log.

This function shall have a separate area for confidential conferences to arrange funeral services. The Function E establishment shall have on site tables or desks and chairs for funeral service arrangement conferences and file cabinets for the confidential storage of funeral records. This function shall contain an available restroom and drinking water in the building. If a Missouri licensed funeral establishment desires to eliminate one (1) of its functions, [,other than a Function C,] it shall notify the board in writing of its intention to surrender the function, but is not required to file a new application for a new Missouri licensed funeral establishment.

[(4) A Missouri licensed funeral establishment shall not be used for any other business purpose other than as a Missouri licensed funeral establishment. It shall be permissible for a Missouri licensed

funeral establishment to be in the same building as another business so long as the Missouri licensed funeral establishment has a separate entrance and a separate street address.] (4) **A Missouri licensed funeral establishment shall not be used for any business purpose other than as a Missouri licensed funeral establishment, except as otherwise permitted by statute or rule.**

**A. It shall be permissible for a Missouri licensed funeral establishment to be in the same building as another business so long as the Missouri licensed funeral establishment has a separate entrance and separate address.**

**B. It shall be permissible to engage in the business of being a preneed seller, preneed provider, preneed agent and/or the sale of life insurance at a Missouri licensed funeral establishment so long as all persons involved in such business hold the necessary licenses to engage in such business lawfully.**

(5) A Missouri licensed funeral establishment shall be used only for the function for which it is licensed.

(6) Each application for a funeral establishment shall be made in the name of the person or business entity authorized to conduct business in Missouri. No license shall be issued to an establishment that has no legal recognition. A Missouri licensed funeral establishment shall maintain a current and active authorization to conduct business in Missouri with the Missouri Secretary of State.

(7) A funeral establishment application shall indicate the name and license number of the Missouri licensed funeral director-in-charge, as defined by 20 CSR 2120-1.040. When the Missouri licensed funeral director-in-charge changes **[for a period of more than thirty (30) days]**, the new Missouri licensed funeral director-in-charge and the former Missouri licensed funeral director-in-charge, jointly or individually, shall notify the board of the change within **[thirty (30)] fifteen (15)** days of the date when the change first occurs. Failure to notify the board shall be considered a violation of this rule on the part of each Missouri funeral director licensee and on the part of the Missouri licensed funeral establishment. A change in the Missouri licensed funeral director-in-charge does not require a new Missouri licensed funeral establishment license.

(8) Within thirty (30) days after an application for a Missouri licensed funeral establishment has been received in the board's office, the board shall cause the establishment to be inspected. The board shall act on the application and, within thirty (30) days after the application was received in the board's office, the applicant will be advised whether the license is granted or denied. If an applicant determines the establishment will not meet the qualifications for inspection or licensure within the thirty (30)-day application period, up to two (2) thirty (30)-day extensions of the application may be requested by the applicant in writing to the board before the application expires. Each request for an extension shall be received by the board prior to the expiration of the application or extension period.

(9) The establishment license issued by the board is effective for a fixed place or establishment and for a specific name of a person or entity authorized to conduct business in Missouri and may include one (1) "doing business as" name. The license issued by the board shall be displayed in a conspicuous location accessible to the general public at that location. Whenever the ownership, location, or name of the Missouri licensed establishment is changed, a new license shall be obtained. If the Missouri licensed funeral establishment maintains a chapel, preparation room, or other facility in a building or portion physically separated from and located at a place designated by an address differing from the office, chapel, or other facilities of the applicant, the chapel, preparation room, or other funeral facility otherwise located shall be deemed to be a separate funeral establishment. Nothing contained in this rule shall be construed or interpreted to require a separate registration for a building if it is joined or connected by a private passage, walk or driveway existing between the registered establishment and the other building.

(A) If a change of ownership is caused by the elimination of one (1) or more owners, for whatever reason (death, sale of interest, divorce, etc.) without the addition of any new owner(s), it is not necessary to obtain a new establishment license. However, a new application for an establishment license form shall be filed as an amended application **[within thirty (30) days] prior to [after]** the change of ownership. This form shall be filled out completely with correct, current information.

(B) A corporation is considered by law to be a separate person. If a corporation owns a Missouri licensed funeral establishment, it is not necessary to obtain a new establishment license or to file an amended application for an establishment license if the owners of the stock change.

(C) However, as a separate person, if a corporation begins ownership of a Missouri licensed funeral establishment or ceases ownership of a Missouri licensed funeral establishment, a new establishment license shall be obtained regardless of the relationship of the previous or subsequent owner to the corporation.

(10) The professional business and practice of funeral directing shall be conducted only from a fixed place or establishment that has been licensed by the board except as permitted by section 333.071, RSMo. Every Missouri licensed funeral establishment shall provide and allow access to any member or [duly authorized] agent of the board for the purpose of inspection , **investigation, examination or audit as authorized in Chapters 333 and 436 [as provided by sections 333.061 and 333.101]**, RSMo. If any representative of the Missouri licensed funeral establishment fails or refuses to provide or allow access, it shall be considered a violation of this rule by the Missouri licensed funeral establishment and by the Missouri licensed funeral director-in-charge of the Missouri licensed funeral establishment. Additionally, if the Missouri licensed funeral establishment representative who fails or refuses to provide or allow access holds any license or registration issued by this board, that person shall be in violation of this rule.

(11) No one licensed by this board may be employed in any capacity by an unlicensed funeral establishment. Violation of this section will be deemed misconduct in the practice of embalming or funeral directing.

(12) Only one (1) **Missouri funeral establishment** license will be issued by this board for any physical facility that is considered to be a Missouri licensed funeral establishment as defined by statute and rule.

**(A) If a Missouri funeral establishment licensed by this board is destroyed by fire or some other disaster or act of God, the board, in its discretion, for a period of not more than six (6) months, may allow the Missouri licensed funeral establishment to continue its operation from another Missouri licensed funeral establishment or from a facility that has not been licensed as a funeral establishment if the facility meets the minimum requirements for the functions outlined in section (2) of this rule. The temporary location is not intended for long-term use, but rather as a means to maintain the business of the Missouri licensed establishment while it actively pursues the steps necessary to re-open its facilities at the licensed location.**

**(B) If the Missouri licensed funeral establishment has not been able to re-open its facilities at the licensed location within the initial six (6) months, then the Missouri licensed funeral establishment may make a written request to the board for an additional six (6) months to continue to operate from its temporary location which the board shall grant, at its discretion.**

**(C) If the Missouri licensed funeral establishment is unable to re-open its facilities at its licensed location after the expiration of the second six (6) month extension, then the Missouri licensed funeral establishment may make a written request and make an appearance before the board to present its plan to re-open at the licensed location and show good cause for any additional extension.**

**(D) Before a Missouri license funeral establishment operates at any location other than its licensed location, that establishment must make a written request to the board that sets forth the reason a temporary location is required, the address of the requested temporary location, and show a legal right to occupy the premises at the temporary location that may include a deed, a rental agreement, a letter from the owner of the temporary location or other similar written documentation. Upon approval of the temporary location, the board shall issue its written notice of approval. The temporary location may not be used by the licensee until it receives that written notice of approval from the board.**

**(E) When the Missouri licensed funeral establishment is ready to re-open the facilities at the licensed location, it must notify the board, in writing, that it is ready to re-open and the board will conduct an inspection to ensure the facilities at the licensed location comply with all requirements to be operated as a licensed establishment and upon approval will provide written notice to the establishment that it is**

**approved to resume operations at the licensed location. No new application or application fee shall be required.**

**(F) In order to operate at a temporary location, the Missouri licensed funeral establishment must take all steps necessary to maintain its establishment license in a current and active status.**

(13) A Missouri licensed funeral establishment may use only its registered name in any advertisement or holding out to the public.

(A) All signs, stationery and any advertising in newspapers, publications or otherwise, shall include the name(s) of the Missouri licensed funeral establishment registered with the board. Advertisements that do not comply with this section shall be deemed misleading for the purposes of section 333.[121]330, RSMo.

(B) It shall not be deemed to be misleading if a listing appears in a telephone directory or national directory if the name of the Missouri licensed funeral establishment changes after the listing has been placed, but before a new directory is published.

(14) The interior and exterior of the Missouri licensed funeral establishment physical plant shall be **maintained in a manner that does not present a potential or actual hazard to the health, safety, or welfare of the public and** kept free and clean of litter, dirt, debris, and clutter [or other objects or conditions which present a potential or actual hazard to the health, safety, or welfare of the public].

(20) Each Function C or Function D establishment shall contain a restroom, available drinking water, and an area where funeral ceremonies or visitations may be conducted. The establishment shall be equipped with seating for visitations or funeral ceremonies, casket bier, register book stand, officiate stand, flower display stands, and music- producing equipment.

If the body is not embalmed, a Missouri licensed funeral establishment shall not hold the unembalmed body for any longer than twenty-four (24) hours unless the unembalmed body is refrigerated in a cooling unit at a temperature of forty degrees Fahrenheit (40° F) or cooler or encased in an airtight metal or metal-lined burial case, casket or box that is closed and hermetically sealed. If the deceased gave written authorization to embalm and did not revoke the authorization, the authorization shall satisfy this requirement. If the deceased did not give written authorization to embalm, the next of kin of the deceased may give authorization to embalm. Authorization to embalm may be given by the next of kin prior to the death of the person whose body is to be embalmed. - (F) **The Missouri licensed embalmer's license number, if applicable;**
- (G) **The Missouri apprentice embalmer registration number, if any; and**
- (H) **The name of the licensed funeral establishment, or other that was in charge of making the arrangements if from a different location.**

[28]] (21) No dead human body shall be buried, disinterred, interred, or cremated within this state or removed from this state, unless the burial, disinterment, interment, cremation, removal, or other authorized disposition, is performed under the direction of a Missouri licensed funeral establishment or Missouri licensed funeral director, unless otherwise authorized by law. If the disinterment does not require legal notification to the county coroner or medical examiner, a funeral director's presence may not be required. Nothing in this rule shall be interpreted to require the use of a Missouri licensed funeral establishment or director if the person(s) having the right to control the incidents of burial request or determine otherwise, provided that this provision does not exempt any person from licensure as required by Chapter 333, RSMo. **Any licensed funeral establishment or funeral director that makes arrangements for an unlicensed person to transport dead human bodies within the state of Missouri, or out of this state, is responsible for the conduct of the unlicensed person.**

[29]] (22) A licensee shall be prohibited from knowingly using, placing, or including any false, misleading, deceptive or materially incorrect information, or assisting or enabling any person to provide such information, on a death certificate filed in the state of Missouri.

[30]] (23) Whenever a dead human body is donated to a medical or educational institution for medical and/or scientific study and arrangements for return of the body to the legal next of kin have not been made, then delivery of the body to the medical or educational institution shall constitute final disposition. If, however, arrangements for return of the body to the legal next of kin have been made, then final disposition shall be the burial, interment, cremation, or removal of the body out of this state, after the medical or educational institution has returned the body.

[31]] (24) The rules in this division are declared severable. If any rule, or section of a rule, is held invalid by a court of competent jurisdiction or by the Administrative Hearing Commission, the remaining provisions shall remain in full force and effect unless otherwise determined by a court of competent jurisdiction or by the Administrative Hearing Commission.

All documents required to be maintained by this rule may be maintained electronically, but all documents shall be stored in such a manner to allow access by the board, or its assignee, and so the board, or its assignee, may easily and timely obtain hard copies or electronic copies in a format easily readable by the board, or its assignee.

**([6]5)** If the deceased gave written authorization to cremate and did not revoke the authorization, that authorization shall satisfy the requirement for authorization to cremate. If the deceased did not give written authorization to cremate, the next of kin of the deceased or the county coroner or medical examiner pursuant to Chapter 58, RSMo, may give authorization to cremate. **([7]6)** If the Missouri licensed funeral establishment receives no authorization for cremation from any of the persons identified in section (6) of this rule, the Missouri licensed funeral establishment may proceed with cremation if it has attempted to locate a person from whom authorization to cremate may be obtained for at least ten (10) days and it has a written statement from city, county, or state law enforcement officials that they have assisted the Missouri licensed funeral establishment in attempting to locate a person from whom authorization for cremation could be obtained but have been unable to locate such a person. However, the Missouri licensed funeral establishment may proceed with cremation prior to the elapse of twenty-four (24) hours if the deceased died as a result of a communicable disease, was subject to isolation at the time of death, and has not been properly embalmed in accordance with 19 CSR 20-24.010.

(B) A Function B establishment that has a nonfunctioning cremation chamber may arrange for cremation at another licensed establishment, if the use of an alternate establishment for purposes of cremation is disclosed to the person making the arrangements on the cremation authorization form **and the type of cremation performed is as authorized in the written authorization to cremate.**

**(1) Cremation areas shall contain only the articles, instruments, and items that are necessary for the preparation and cremation of dead human bodies. **(2) Any establishment containing an area for the cremation of non-human remains prior to April 1, 2008, shall be required to comply with this rule if a change of ownership is caused by the addition or replacement of one (1) or more owners or a new corporation begins ownership of the establishment. **[(13)12]** The Missouri licensed funeral director with whom the arrangements are made shall make inquiry to determine the presence or existence of any body prosthesis, bridgework or similar items.

**[(14)13]** No body shall be cremated, **except for cremation by chemical disposition**, with a pacemaker in place. The Missouri licensed funeral director with whom the arrangements are made shall take all steps necessary to ensure that any pacemakers are removed prior to cremation.

**[(15)]** No body shall be cremated until after a completed death certificate has been filed with the local registrar as required by section 193.175, RSMo.

**(16)** Except for metal containers or caskets, each cremation container or casket into which a body is placed shall be placed into the cremation chamber with the body and be cremated. If a metal container or casket is used, the purchaser shall be informed by the funeral director at the time the arrangements are made of the disposition of the metal container or casket after cremation, if the container or casket is not to be placed in the retort. Each cremation box or urn into which the cremated remains are placed after removal from the cremation chamber shall be labeled clearly with the full name of the deceased and the name of the Missouri licensed funeral establishment with whom the arrangements were made.

**[(17)] (14)** The remains of only one (1) body shall be in the cremation chamber at one (1) time unless simultaneous cremation has been authorized in writing by the person(s) entitled to custody or control of each body.

**[(22)] (18)** If the cremated remains are to be shipped, the cremation box shall be packed securely in a **sturdy shipping container such as a plastic or** corrugated cardboard box which is securely **[closed] sealed** with **adhesive seal [tape]** acceptable to the shipper.

**[(23)] (19)** Cremated remains shall be shipped only by a method which has an internal tracing system available and which provides a receipt signed by the person accepting delivery.

[(24)] **(20)** Each urn into which cremated remains are placed **by a licensee or funeral establishment** shall be made of a durable material which shall enclose the cremated remains entirely.

[(25)] **(21)** Each Missouri licensed funeral establishment which comes into possession of cremated remains, whether or not it is the Missouri licensed funeral establishment at which the cremation occurred, shall retain the cremated remains until they are delivered, placed, or shipped pursuant to the instructions of the person(s) entitled to custody or control of the body. However, nothing in this rule shall prohibit a Missouri licensed funeral establishment from disposing of cremated remains in another fashion if the Missouri licensed funeral establishment has obtained written permission for other disposition contingent upon the Missouri licensed funeral establishment attempting to dispose of the cremated remains according to instructions but being unable to do so through no fault of the Missouri licensed funeral establishment and provided that other disposition shall not occur prior to thirty (30) days after cremation. **Any Missouri licensed funeral establishment that comes into possession of unclaimed cremated remains may also dispose of these remains pursuant to chapter 194.**

[(26)] **(22)** Nothing in this rule shall be construed to prohibit a Missouri licensed funeral establishment which contains a crematory area from establishing more restrictive standards for its own operation.

[(27)] **(23)** The rules in this division are declared severable. If any rule, or section of a rule, is held invalid by a court of competent jurisdiction or by the Administrative Hearing Commission, the remaining provisions shall remain in full force and effect unless otherwise determined by a court of competent jurisdiction or by the Administrative Hearing Commission.

Chapter 2- General Rules**

**PROPOSED AMENDMENT**

**20 CSR 2120-2.090 Preparation Rooms/Embalming Room**

*Purpose: The purpose of the amendment is to modify the current rule's requirements governing the standards required of funeral establishment preparation rooms.*

PURPOSE: This rule outlines the laws and rules governing the standards required of funeral establishment preparation rooms.

(1) Whenever used in this rule, the phrase preparation room refers to that room in a Missouri licensed funeral establishment where dead human bodies are embalmed.

(2) The following requirements for the maintenance and cleanliness of preparation rooms apply at all times, regardless of whether a dead human body is being embalmed or not.

(3) Floors, Walls and Ceilings. All preparation room floor surfaces shall be smooth, nonabsorbent materials and so constructed as to be kept clean easily. **[Floor drains shall be provided where the floor is to be subjected to cleaning by flooding.]** All walls and ceilings shall be easily cleanable and light colored, and shall be kept and maintained in good repair. All walls shall have washable surfaces.

(4) Each Missouri licensed establishment shall comply with Missouri Department of Health and Senior Services rules and regulations, Missouri Department of Natural Resources rules and regulations, and all other applicable county, city, municipal and state rules and regulations relating to **containment backflow prevention devices**, plumbing, sewage and liquid waste, solid waste disposal and disposal of body parts.

(5) Sewage and Liquid Waste Disposal.

(A) All sewage and water-carried wastes from the entire Missouri licensed funeral establishment, including the preparation room, shall be disposed of in a public sewage system or an approved disposal system which is constructed, operated and maintained in conformance with the minimum standards of the Department of Health and Senior Services **and Department of Natural Resources**.

(B) The following aspirators are approved for preparation rooms:

1. Electric aspirators;

2. Water-operated aspirators. All water-operated aspirators shall be protected from back siphonage by the minimum of an atmospheric vacuum breaker **that is installed a minimum of six (6) inches above the highest point of the embalming table and is** approved by the American Society of Sanitary Engineering (ASSE) or by the Uniform Plumbing Code. **[and installed a minimum of twelve inches (12") above the maximum possible height of the embalming table];** and

3. Water-controlled unit. All water-controlled units shall be installed and maintained according to the Uniform Plumbing Code, and properly protected from back siphonage with a backflow prevention device approved by the American Society of Sanitary Engineering or the Uniform Plumbing Code.

(6) Solid Waste Disposal.

**[(A) All waste materials [R] refuse, bandages, cotton and other solid waste materials shall be kept in leakproof, nonabsorbent containers which shall be covered with tight-fitting lids [prior to disposal.**

**(B) All waste materials, refuse, and used bandage and cotton shall be destroyed by reducing to ashes through incineration or shall be sterilized and buried. Sterilization may be accomplished by soaking for thirty (30) minutes in a solution of five percent (5%) formaldehyde, one (1) pint of formalin to seven (7) pints of water.]**

(7) Disposal of Body Parts. Human body parts not buried within the casket shall be disposed of by incineration in a commercial or industrial-type incinerator or buried to a depth which will insure a minimum of three feet (3') of compacted earth cover (overlay).

(8) A mechanical exhaust system is required. Care shall be taken to prevent the discharge of exhaust air into an area where odors may create nuisance problems.

(9) All preparation rooms and all articles stored in them shall be kept and maintained in a clean and sanitary condition. All embalming tables, hoppers, sinks, receptacles, instruments and other appliances used in embalming or other preparation of dead human bodies shall be so constructed that they can be kept and maintained in a clean and sanitary condition. The following minimum standards shall apply:

(A) An eye wash kit (bank) or suitable facilities for quick drenching or flushing of the eyes shall be provided within the area for immediate emergency use;

(B) Facilities shall exist for the proper disinfection of embalming instruments and the embalming table;

(C) Facilities for the proper storage of embalming instruments shall be maintained. At a minimum, a chest or cabinet shall be used for the storage of embalming instruments;

(D) All types of blocks used in positioning a dead human body on an embalming table shall be made of nonabsorbent material. All wooden blocks shall be sealed and painted with enamel; and

(E) When not in use, embalming tables shall be cleaned, disinfected and covered with a sheet.

(10) Food and Beverages.

(A) There may be no direct opening between the preparation room and any room where food and beverages are prepared or served.

(B) [The Department of Health and Senior Services sanitation laws and rules governing food sanitation apply to the operation, construction and sanitation of food service facilities, where provided for the comfort and convenience of a funeral party; provided, however, that coffee service utilizing single-service cups and spoons and a coffeemaker of easily cleanable construction shall be deemed acceptable where this service is the only food service offered.

(C) A Missouri licensed funeral home providing coffee service utilizing single-service items and coffeemakers of easily cleanable construction shall provide a water supply faucet at a suitable sink of easily cleanable construction for the filling and cleaning of this equipment in an area separate from the preparation room and restrooms.]

(11) A separate wash sink (separate from slop drain sink) shall be present or in close proximity to the preparation room for a personal hand wash facility [for Missouri licensed embalmers] and the disinfecting of embalming equipment. If the wash sink is not present in the preparation room, it shall be in a location close to the preparation room which is not accessible to the public and it shall be at a distance of no further than ten feet (10') from the door of the preparation room.

(12) Preparation rooms shall contain only the articles, instruments, and items that are necessary for the preparation, embalming, and final disposition of dead human bodies.

(13) Preparation rooms shall be secured with a functional lock so as to prevent entrance by unauthorized persons.

(14) The rules in this division are declared severable. PROFESSIONAL REGISTRATION  
Division 2120-State Board of Embalmers and Funeral Directors  
Chapter 2- General Rules  
PROPOSED AMENDMENT**

**20 CSR 2120-2.110 Public Complaint Handling and Disposition Procedure**

*Purpose: The purpose of the amendment is to make grammatical updates.*

*PURPOSE: This rule establishes a procedure for the receipt, handling and disposition of public complaints by the board, pursuant to the mandate of section 4.16(6) of the Omnibus State Reorganization Act of 1974, Appendix B, RSMo.*

(1) The State Board of Embalmers and Funeral Directors shall receive and process each complaint made against any licensee, permit holder, registrant of the board or unlicensed individual or entity, which complaint alleges certain acts or practices which may constitute one (1) or more violations of the provisions of Chapter 333, RSMo. Any member of the public or the profession, or any federal, state or local officials may make and file a complaint with the board. Complaints **[shall be]** received from sources outside Missouri **[and] shall be** processed in the same manner as those originating within Missouri. No member of the State Board of Embalmers and Funeral Directors shall file a complaint with this board while **[s/he/she]** holds that office, unless that member excuses him/herself from further board deliberations or activity concerning the matters alleged within that complaint. The executive director or any staff member of the board may file a complaint pursuant to this rule in the same manner as any member of the public.

(2) Complaints should be mailed or delivered to the following address: Executive Director, State Board of Embalmers and Funeral Directors, 3605 Missouri Boulevard, PO Box 423, Jefferson City, MO 65102-0423. However, actual receipt of the complaint by the board at its administrative offices in any manner shall be sufficient. Complaints may be made based upon personal knowledge, or upon information and belief, reciting information received from other sources.

(3) All complaints shall be made in writing and shall fully identify the complainant by name and address. Complaints shall be made on forms provided by the board and available upon request. Oral or telephone communications will not be considered or processed as complaints, but the person making these communications will be provided with a complaint form and requested to complete it and return it to the board in written form. Any member of the administrative staff of the board or any member of the board may make and file a complaint based upon information and belief, in reliance upon oral, telephone or written communications received by the board, unless those communications are believed by that staff member to be false.

(4) Each complaint received under this rule shall be logged in a book and/or database maintained by the board for that purpose. Complaints shall be logged in consecutive order as received. The logbook and/or database shall contain a record of each complainant's name and address; the name and address of the subject(s) of the complaint; the date each complaint is received by the board; a brief statement of the acts complained of, including the name of any person injured or victimized by the alleged acts or practices; a notation whether the complaint resulted in its dismissal by the board or informal charges being filed with the Administrative Hearing Commission; and the ultimate disposition of the complaint. This logbook and/or database shall be a closed record of the board.

(5) Each complaint received under this rule shall be acknowledged in writing. The acknowledgment shall state that the complaint is being referred to the board for consideration at its next regularly scheduled meeting. The complainant shall be informed as to whether the complaint is being investigated, and later, as to whether the complaint has been dismissed by the board, or is being referred to legal counsel for filing with the Administrative Hearing Commission. The complainant shall be notified of the ultimate disposition of the complaint, excluding judicial appeals and shall be provided with copies of the decisions (if any) of the Administrative Hearing Commission and the board at that time. Provided, that the provisions of this section shall not apply to complaints filed by staff members of the board based on information and belief, acting in reliance on third-party information received by the board.

(6) The chairman of the board, from time-to-time and as [s/]he/she deems necessary, may instruct the board inspector/investigator to investigate any complaint before the complaint has been considered at a regularly scheduled board meeting. The inspec[-]tor/investigator shall provide a report of any actions taken to the board at its next regularly scheduled meeting.

(7) Both the complaint and any information obtained as a result of the investigation shall be considered a closed record and shall not be available for inspection by the general public. However, a copy of the complaint and any attachments shall be provided to any licensee who is the subject of that complaint, or his/her legal counsel, upon written request to the board.

(8) This rule shall not be deemed to limit the board's authority to file a complaint with the Administrative Hearing Commission charging a licensee of the board with any actionable conduct or violation, whether or not the complaint exceeds the scope of the acts charged in a preliminary public complaint filed with the board, and whether or not any public complaint has been filed with the board.

(9) The board interprets this rule, which is required by law, to exist for the benefit of those members of the public who submit complaints to the board and for those persons or entities within the legislative and executive branches of government having supervisory or other responsibilities or control over the professional licensing boards. This rule is not deemed to protect, or inure to the benefit of, those licensees or other persons against whom the board has instituted or may institute administrative or judicial proceeding concerning possible violations of the provisions of Chapter 333, RSMo.

**PROPOSED AMENDMENT**

**20 CSR 2120-2.115 Procedures for Handling Complaints Against Board Members**

*Purpose: The purpose of the amendment is to make grammatical updates and update terminology to correlate with the statutory changes that were effective August, 2009.*

*PURPOSE: This rule establishes a procedure for the receipt, handling and disposition of complaints filed against members of the board.*

(1) Complaints against members of the board will be handled in the same manner as complaints against other licensees with minor variations specifically described in this rule.

(2) When a complaint against a board member is received by the staff, the staff shall take steps to make sure that the complaint is on the proper form(s) (that is, the Uniform Complaint Form). Once the complaint is received in the proper form, the complaint will be mailed to all members of the board except the member who is the subject of the complaint. The member who is the subject of the complaint [will automatically receive a summary of the complaint and] will receive all agendas or other notices pertaining to when and where the complaint will be discussed. If the member who is the subject of the complaint requests additional information in writing, that information will be provided by the staff in consultation with the chairman (or vice-chairman, if the chairman is the subject of the complaint). In no event will the member who is the subject of the complaint be given information by the board or its staff which would reveal the name of the complainant, unless the member would have access if [s/]he/she were not a member of the board. If the board member learns the complainant's identity from the complainant, other board members and the staff subsequently may include the complainant's name in communication with the board member.

(3) At the meeting when the complaint is discussed, the board member who is the subject of the complaint shall not be present during discussion of the complaint unless by vote or consensus the remaining board members request the presence of the board member in question. The board member shall not participate in discussion of the complaint as a member of the board but shall participate in the same manner as any other licensee who is invited to appear before the board to discuss a complaint. The board member may be asked to leave the room at any time during the discussion. The board member shall leave the room prior to any vote which will determine the manner in which the complaint will be handled.

(4) After the remaining board members have completed voting on all action to be taken as a result of the complaint, the board member may return to the room. At that time, the board chairman (or vice-chairman, if the chairman is the subject of the complaint) will inform the board member of the action which the board has decided to take.

(5) If the board decides to have the complaint investigated, a copy of the investigative report will be mailed to all board members except the board member who is the subject of the complaint. The board member who is the subject of the complaint will be sent a copy of any notice or agenda which indicates that the investigative report will be discussed. The meeting at which the investigative report is discussed will follow the same procedures outlined in section (4) for the meeting at which the complaint is discussed.

(6) If the board chooses to take no further action as a result of the complaint or the investigative report, the board member will be informed of this decision. The board member will not subsequently have access to the investigative report or the complaint unless the member would have that access if s/he were not a member of the board.

(7) If the board chooses to refer the case to the attorney general's office, the board member will be informed of that fact. The board member will not be allowed access to the complaint or investigative report by virtue of his/her status as a board member. If the attorney assigned to the case chooses to release these documents to the board member or if the attorney is required for legal reasons to release these documents to the board member, the board member will be permitted access to the documents released by the attorney.

(8) The board member will not be present during any discussion of the case once the board has voted to refer the case to the attorney general's office. The exception to this rule will be only for prearranged formal meetings to discuss settlement, if the attorneys for both parties agree. The other board members will not discuss the case with the board member who is the subject of the case except at the formal meeting.

(9) The board member has the right to be represented by counsel at all formal or informal proceedings. Admissions made by the board member at or outside a board meeting may be used against the board member at hearing.

(10) The board member shall not have access to that portion of the minutes of any meeting which reflects discussion, motions or votes related to the complaint or case against the board member. These minutes shall be kept separately as special closed minutes and shall not be shared with the board member by the other board members or the staff unless the board member would be entitled to access to the minutes if s/he were not a board member.

(11) The provisions of sections (1)–(10) of this rule shall apply to any complaint against a Missouri licensee [d funeral establishment] at which a member of the board is employed or with which a member of the board is associated.

(12) [The provisions of sections (1)–(10) of this rule shall apply to any complaint against any preneed registrant by which a member of the board is employed or with which a member of the board is associated, including, but not limited to, a complaint against a preneed seller who sells for a Missouri licensed funeral establishment with which a member of the board is associated. A board member will be considered to be employed by or associated with a preneed registrant if the board member receives a salary or wages from the preneed registrant or if a board member has an ownership interest in a preneed registrant. However, these procedures shall not apply to a board member who only receives commissions from the preneed registrant. Each member of the board shall keep the board's executive director notified of the preneed registrants by which the board member is employed and with which the board member is associated.

(13) The remaining members of the board may vote to exclude a member from participating in any matter based upon a conflict of interest. The vote must be a majority vote of all of the members present and voting except the member who is the subject of the vote. Participation shall include, but not be limited to, receipt of materials, presence during discussion and voting.

**20 CSR 2120-2.120 Public Records**

*Purpose: The purpose of the amendment is to modify the existing language to include additional records that are closed records of the board.*

*PURPOSE: This rule establishes standards of compliance with Chapter 610, RSMo, as it relates to public records of the State Board of Embalmers and Funeral Directors.*

(1) All public records of the State Board of Embalmers and Funeral Directors shall be open for inspection and copying by the general public at the board's office during normal business hours, holidays excepted, except for those records closed pursuant to section 610.021, RSMo. All public meetings of the State Board of Embalmers and Funeral Directors, not closed pursuant to the provisions of section 610.021, RSMo, will be open to the public.

The custodian also shall inform the requesting party that **[s]/he/she** may appeal directly to the board for access to the records requested. The appeal and all pertinent information shall be placed on the agenda for the board's next regularly scheduled meeting. If the board reverses the decision of the custodian, the board shall direct the custodian to advise the requesting party and supply access to the information during regular business hours at the requesting party's convenience.

~~[(4)]~~ (5) The custodian shall maintain a file that will contain copies of all written requests for access to records and responses to these requests. The requests shall be maintained on file with the board for a period of one (1) year and will be maintained as a public record of the board open for inspection by any member of the general public during regular business hours.

~~[(5)]~~ (6) Whenever a request for inspection of public records is made and the individual inspecting the records requests copies of the records, the board may charge a reasonable fee for the cost of inspecting and copying the records. The fee charged by the board shall be as follows:

(A) A fee for copying public records shall not exceed the actual cost of the document search and duplication; and

*Purpose: The purpose of the rule is to outline the guidelines for the numbering of preneed contracts.*

- (1) Each preneed seller shall sequentially number its preneed contracts.**

- (5) The preneed seller must be able to account and provide to the Board, upon request, a record showing all numbers used for preneed contracts by the seller and whether each numbered contract was used for a completed contract or was voided, for whatever reason. This record requirement can be met by maintenance of a database or similar computer record showing each number used in the series and whether that number is for a completed contract or a voided contract or the record can be maintained by a written log book, register or other means that records each number within the preneed contract number series and whether that contract was used for a completed contract or voided.**

**PROPOSED RULE**

**20 CSR 2120-3.205 Mandatory Consumer Disclosures (rule number is proposed number)**

*Purpose: The purpose of this rule is to outline the requirements relating to mandatory consumers disclosures as it relates preneed contracts.*

*PURPOSE: This rule sets forth the mandatory consumer disclosures that must be provided to each purchaser of a preneed contract.*

**(1) Each purchaser of a preneed contract shall be provided the following written mandatory consumer disclosures at or before the time the consumer signs the contract unless otherwise provided by rule:**

**(A) This Contract is a Legally Binding Document**

**1. Before you sign this contract, you should read it and make sure you understand all terms and conditions. You may wish to consult with your legal counsel before you sign this contract.**

**(B) Right to Receive a Copy of this Contract**

**1. You have a right to receive a copy of this contract and any accompanying documents related to this contract such as any life insurance policies or evidence of a joint account.**

**(C) Right to Change Providers**

**1. The law gives you the right to change the provider named in this contract. The provider is the funeral home or other service provider who will provide the goods and services at the time of your death. If you want to change providers, you must provide both the seller and provider named in this contract with written notice that you wish to change providers and you must include the name and address of who you want to be your new provider. You may NOT be billed for any additional fees or charges to change providers. A change in providers requires the agreement of the new provider and may require a new preneed contract. Your seller and provider can help you determine whether a new contract is required or not.**

**(D) Qualifying for Public Assistance**

**1. If you decide to seek qualification to receive Medicaid or other public assistance, you may sign an agreement to make this contract irrevocable at any time. Even if you have agreed to make this contract irrevocable as part of your qualification for public assistance, you still may change providers at any time and make changes to the goods and services at any time. However, you cannot cancel this contract and cannot receive any refund.**

**(E) Your Right to Cancel this Contract**

**1. You have a right to cancel this contract at any time before your death. If you cancel this contract, you may not be entitled to receive all funds paid on this contract. If you want to cancel this contract, you must give the seller named in this contract written notice that you wish to cancel this contract.**

**2. If your contract is funded with a joint account, you must also provide written notice to the financial institution where your account is held. The financial institution must give you the principal in the account within fifteen (15) days of your request. Interest will be distributed as provided in this contract.**

**3. If your contract is funded with an insurance policy, canceling the contract will NOT cancel the insurance policy. You must follow the policies of the insurance company to cancel the insurance policy. If you cancel the insurance policy, you will receive only the cash surrender value of the policy which may be less than what you have paid into the policy.**

**4. If your contract is funded with a trust, you must also provide written notice to the trustee. The trustee shall then distribute all funds held on your behalf in the trust within fifteen (15) days.**

**(F) Seller's Right to Cancel This Contract**

1. For a trust funded or joint account funded preneed contract, the seller may cancel this contract if you fail to make any installment payment within sixty (60) days of when it is due. Before the seller can cancel the contract, the seller must provide you with written notice of the intent to cancel the contract and you may bring your account current within thirty (30) days of notice. If you don't pay the balance within thirty (30) days, then the seller can provide the funds to the provider at the time of death to be credited towards your funeral services or the seller can cancel the contract and will refund you eighty-five percent (85%) of your contract payments made.

**(G) What Happens if I Die Before My Contract is Paid in Full?**

1. If you die before the contract is paid in full, your survivors have the option in trust funded or joint account funded contracts to pay the balance due on the contract and receive all goods and services that have been price guaranteed. If the balance is not paid, the amount paid on your contract will be applied to the price of your funeral based on the provider's current prices.

2. If your preneed contract is funded through an insurance policy, you should consult your insurance policy.
