

How to Verify Current APRN status in Missouri

In order to practice as an APRN in Missouri, the nurse must have a current MO or compact RN license, maintain national certification in a population focus and be recognized by the Missouri State Board of Nursing as an APRN. To confirm a current Missouri APRN Document of Recognition go to www.nursys.com and use the quick confirm window.

For information about controlled substance prescriptive authority, go to <http://pr.mo.gov/nursing-advanced-practice-controlled.asp> .
