Members of the Nursing Profession and the Public

INTRODUCTION

The Mission of the Missouri State Board of Nursing is to protect the public by development and enforcement of state laws governing the safe practice of nursing. In order to share with the public the services provided by the Board, this Annual Report has been compiled to illustrate the business of the Board in Fiscal Year 2005.

The Board consists of nine members who are appointed by the Governor and are responsible for enforcing the provisions of Chapter 335, RSMo, the Nursing Practice Act. The Nursing Practice Act is the accumulation of laws that exist to govern and regulate the professions of advanced practice nurses, registered professional nurses and licensed practical nurses. In addition, the Nursing Practice Act sets standards for the approval of nursing schools in Missouri.

When executing the provisions of the Nursing Practice Act, the Board must consider not only the nurse, but also the patient and the community. To this end, the members of the Board, together with its staff, work diligently to ensure only qualified applicants are admitted to the practice of nursing in this state. The Board also acts as a policymaking body by assisting and clarifying practice issues facing nurses on a daily basis. Most importantly, the Board investigates all complaints against nursing licensees and subsequently disciplines those nurses who are found to have violated the Nursing Practice Act.

Missouri has approximately 100,000 licensed registered professional nurses and licensed practical nurses today. Successful regulation is a partnership with hospitals, schools, and professional organizations. The board members are appreciative and grateful for the efforts and assistance provided by these groups.

In this rapidly changing arena, we pay tribute to all the nurses in Missouri who continue to provide excellence in nursing. We need to retain the nurses in Missouri and increase the number of those who want to have a career in nursing by being professional examples ourselves. Because of the commitment of those on the “front lines” in nursing, we are assured of continued quality care. Thank you to all of you who provide assistance to the Board and thank you to the nurses who make up our profession.

Missouri State Board of Nursing

Mission

The mission of the Missouri State Board of Nursing is to protect the public by development and enforcement of state laws governing the safe practice of nursing.

Philosophy

The members of the State Board of Nursing believe health care consumers have the right to safe, competent nursing care, regardless of their race, color, gender, national origin, religion, age, disability or veteran status. Consumers of nursing care can best be protected by the judicious use of the authority of the Nursing Board. The Board should promote communications among and work cooperatively with local, state, and national nursing organizations, other organizations and individual members of the health team to ensure safe and effective nursing care for the citizens of Missouri.

The Board should also promote communications among its members and work cooperatively with national regulatory agencies to maintain current knowledge of and have input into issues that may affect the practice and regulation of nursing in the state.

In addition to the aforementioned, the Board should serve to provide a forum for representatives of nursing practice and nursing education in order to provide a greater opportunity for resolving philosophical differences with greater benefits ultimately to the consumer.

Committees

The Mission of the Board was carried out through six regular committees during FY2005. The six committees are Executive, Practice, Discipline, Education, Licensure and Finance. During FY2005, other special committees conducting business included the Publications Committee, Collaborative Practice Task Force, Minimum Standards Task Force and the IV Therapy Task Force.

Meetings

Four regularly scheduled meetings of the full Board, three full Board conference call, one mail ballot meeting and one Strategic Planning meeting were held in FY2005. All committees conducted business through regular meetings and/or telephone conference calls that were conducted in compliance with the Missouri Sunshine Laws. Minutes of all meetings were duly recorded, filed and are maintained in the Board office.

Records & Reports

The Board maintains records including name, address, and licensure status of all licensees. This information for all currently licensed nurses is public information. Our quarterly newsletter is distributed to Missouri schools of nursing, their students, hospitals, nursing homes, governmental agencies, organizations, licensees, and individuals interested in the issues relative to the Board of Nursing.

Board Presentations

During FY2005, the Board conducted numerous presentations and workshops and participated in several task force and discussion groups including the following:

- Impaired Nurses
- Emergency Preparedness
- Home Health Nursing Practice—A Regulatory Perspective
- Misuse and Abuse of Dangerous Drugs Taskforce
- National Council of State Board's of Nursing (NCSBN) Network
- Conference Calls
- Patient Safety
- Presentations to Nursing Program Students and various groups on statutes, licensure, regulations, investigations and disciplinary process – throughout the year

Committees

During FY2005 the Board was represented on the following State and National Committees:

- Governor's Commission on Patient Safety – Lori Scheidt
- Minimum Standards Task Force - Teri Murray
- NCSBN's Practice, Regulation & Education Committee—Robin Vogt
- NCSBN's Awards Panel – Lori Scheidt
- NCSBN's Item Review Subcommittee – Teri Murray

Executive Committee

The executive committee consists of four or five Board members, including President, Secretary/Treasurer, Vice-President, the immediate past president and the Public Member.

The goal of the Executive committee is to provide leadership in making quality decisions regarding the current and future operations of the Board. In the absence of the full board, the Executive committee may make decisions on behalf of the full board and present those decisions to the full board at the next full board meeting.

Education Committee

Goals: Assist the Board in safeguarding the health and welfare of the public through defining the minimum standards for entry-level nursing programs and accrediting qualified nursing programs.

Objectives:

1. Partner with key organizations to develop a plan for collaboration around the issue of congruence between education and practice.
2. Analyze issues related to nursing education with regulatory implications.
3. Advise nursing education programs on issues related to nursing education and licensure issues and to identify approaches to address issues.
4. Monitor all nursing programs for compliance with minimum standards.
5. Review complaints received against nursing programs and determine if action is warranted.
6. Pursue disciplinary actions, when warranted, against the accreditation status of those nursing programs, who violate minimum standards.

Licensure Committee

Goals: Assist the Board in safeguarding the health and welfare of the public through licensing qualified individuals. Develop, refine, and monitor policies and procedures relevant to licensure by examination, endorsement and renewal.

Objectives:

1. Review and make recommendations for policies regarding licensure by examination, endorsement, and renewals.
2. Review and make recommendations regarding license renewal process.
3. Review applications for examination, endorsement and renewal that do not meet guidelines for approval.
4. Represent the Board or designate a representative to act as an expert witness in hearings.
5. Conduct regular review of rules relevant to licensure.
6. Educate the public and licensees on licensure issues.

Discipline Committee

Goals: Assist the Board in safeguarding the health and welfare of the public through vigilance of the licensee's compliance with the Nursing Practice Act. Develop, refine, and monitor policies and procedures relevant to individuals who come under the complaint and disciplinary process.

Objectives:

1. Review complaints received against a nurse's license and determine whether discipline is warranted.
2. Recommend disciplinary actions on a case by case basis, when warranted, against the license of those nurses who violate the provisions of sections 335.011 to 335.096, RSMo.
3. Incorporate rehabilitation of the impaired nurse through disciplinary agreement requirements.

4. Monitor disciplined licensees' adherence to their required stipulations, recommending further discipline, when warranted, if a violation of the agreement occurs.
5. Educate the public and licensees on the causes for licensure denial and/or discipline.

Practice Committee

Goals: Implement mechanisms to ensure that duly licensed nurses practice according to the Nursing Practice Act. Assist the Board in developing and effecting strategies to address current and evolving issues related to: health care, nursing aspects of health care, nursing practice by licensed nurses, the assignment or delegation of nursing tasks to unlicensed health care personnel, and the control and management of delegated nursing tasks. Act as a resource to the public, licensed nurses, nurse's employers, and other individuals or entities with interests in the practice of nursing.

Objectives:

1. Review, draft and make policy and procedure recommendations related to general, specialized, expanded and advanced nursing practice.
2. Provide consultation regarding practice issues with regard to legal definitions of nursing and ethical issues.
3. Conduct regular review of rules relevant to the Committee.
4. Draft position papers on nursing practice for recommendations to the Board.
5. Provide input on practice needs relevant to clinical settings for the Education Committee.
6. Review and make recommendations concerning trends regarding scope of nursing practice and delegated nursing acts.
7. Review and make recommendations concerning trends regarding unlicensed

- health care personnel.
8. Review and make recommendations to the board regarding specific scope of practice questions or concerns.
9. Provide periodic public and licensee education regarding general and expanded nursing practice and advanced practice.
10. Review and make recommendations regarding advanced nursing applications.
11. Design and monitor advanced practice nursing application review process.
12. Provide guidance for the management of advanced practice nursing applications to ensure efficient and effective processing.
13. Review advanced practice nursing decisions as indicated and make recommendations to the Board.

Finance Committee

Goals: Analyze the revenue/expenditure stream and cost allocations to maintain financial strength and minimize license fees.

Objectives:

1. Increase committee awareness of the Board's financial operating budget including transfers.
2. Maintain an up-to-date (monthly) financial report at the Board office.
3. Make necessary changes to improve the financial operations of the Board.
4. Follow up on State Auditor reports/recommendations.
5. Oversee operating expenses of the Board, report budget variances, and make recommendations to the Full Board to maintain a fund balance of at least two times the Board's appropriation.
6. Review monthly and year-end fund balance reports at least quarterly.
7. Review 5-year revenue and expenditure projections at least annually.
8. Educate consumers (licensees) on use of fees.

EDUCATION

Nursing Programs

During FY2005 there were 97 schools with approval to provide nursing education in the State of Missouri. The schools included 43 Practical Nursing Programs, 21 Baccalaureate Degree Programs, 32 Associate Degree Programs, and 1 Diploma program. Three ADN Programs and one BSN Program opened in FY2005.

The Nursing Programs approved by the Board of Nursing throughout the State of Missouri are listed in Appendix A. Programs with different levels of approval are denoted with footnotes. For definitions of the various levels of approval see Appendix A.

NURSING STUDENT LOAN AND LOAN REPAYMENT PROGRAMS

The Missouri Professional and Practical Nursing Student Loan Program and the Missouri Professional Nursing Student Loan Repayment Program were developed in 1991 to address the state's nursing shortage by providing financial aid for individuals pursuing a nursing career. The need for nurses appears to be a cyclic phenomenon, and it was believed these programs would assist in the leveling of the supply to facilitate recruitment of nurses into areas of need when supply was exceeded by the demand. Ideally, these programs would help prevent a nursing shortage in Missouri. Realistically, due to the foresight in planning for a shortage before it occurred, it is expected that Missouri will fare better than many states through a nursing shortage.

These programs are supported through a surcharge on Missouri nurses' licenses. In addition, funds from these programs are used to match federal funds through the State Loan Repayment Grant, to repay the debts of Advanced Practice Nurses providing primary care services in underserved areas of the state. At this time, no general revenue is used to support these

MISSOURI PROFESSIONAL AND PRACTICAL NURSING STUDENT LOAN PROGRAM

The Missouri Professional and Practical Nursing Student Loan Program is designed to provide educational loans to professional nursing students (RN or higher) and practical nursing students (LPN) in exchange for service in an area of designated need in Missouri.

Maximum loan amounts per academic year:
 Professional Nursing Education..... \$5000
 Practical Nursing Education \$2500

Repayment:

Loans will be repaid through service in public or non-profit agencies or institutions in areas of defined need. This process is referred to as forgiveness. Forgiveness of the principal and interest will occur at 25% per year for qualifying employment in an area of defined need (and may be pro-rated for part-time employment). An area of defined need is a geographic area or a nursing specialty that is experiencing a shortage of nurses.

If employment does not meet the criteria for forgiveness, a recipient's loan obligation will enter cash repayment status. A maximum of 48 months is allowed for repayment. All loans accrue interest at the rate of 9.5% per annum beginning the date the check is issued.

Student Loan Program

In FY 2005 a total of 65 applicants were selected to receive loans. Fifty nine loans of \$5,000 were awarded to RN applicants. Six loans of \$2,500 were awarded to LPN applicants.

	RN	LPN	TOTAL
APPLICANTS	225	75	300
RECIPIENTS	59	6	65
LOAN AMT.	295,000	15,000	310,000
REMAINING	0	0	0
TOTAL	295,000	15,000	310,000

Loan Repayment Program

In FY 2005 nine applications were approved for loan repayment. One nurse declined her contract because she changed jobs. The remaining recipients were approved for a total of \$62,200 for the fiscal year.

NCLEX® Examination

Appointments for taking the National Council Licensure Examination (NCLEX) for Registered Nurses and Licensed Practical Nurses are authorized by the Board.

During FY2005, **1,743 Missouri—educated RN graduates** took the NCLEX-RN examination for the first time; 1,542 passed, which is an **88.47% pass rate**.

On a national level, **82,719 U.S.—educated RN graduates** took the NCLEX-RN examination for the first time; 71,654 passed, which is an **86.62% pass rate**.

During the same time period, **1,106 Missouri—educated PN graduates** took the NCLEX-PN examination for the first time; 1,017 passed, which is a **91.95% pass rate**.

On a national level, **46,865 U.S.—educated PN graduates** took the NCLEX-PN examination for the first time; 41,566 passed, which is a **88.69% pass rate**.

License Renewal Information

All current Registered Nurse licenses expire April 30th of every odd numbered year and all current Licensed Practical Nurse licenses expire May 31st of every even numbered year. As of June 30, 2005, a total of 74,642 Registered Nurses and 22,590 Licensed Practical Nurses held current licenses to practice in Missouri, for a total of 97,232 nurses licensed to practice in this state. For a breakdown of RNs and LPNs by county see Appendix B.

Licensure Statistics

	Registered Nurse	Licensed Practical Nurse
Licensure by Examination (includes nurses not educated in Missouri)	2,243	1,272

Numerous practice-related meetings were attended and presentations were made within the State to various groups.

Summary of Complaints and Investigations in FY2005

Each fiscal year the Board of Nursing receives complaints from various individuals and facilities alleging violations to the Nursing Practice Act by licensees. The complaints are reviewed and a determination is made as to whether or not an investigation is required. Following is a summary of the complaints and investigations that took place in FY2005.

Number of uninvestigated complaints carried over from FY2004	198
Number of new complaints received in FY2005	659
Total number of investigations completed in FY2005	644
Total remaining number of complaints requiring an investigation at the end of FY2005	213

Investigation/Discipline

The Board of Nursing may pursue disciplinary action against a licensee for violation of the Nursing Practice Act (see 335.066, RSMo). The Board is authorized to impose any of the following disciplines singularly or in combination:

- **Censure**—least restrictive discipline. The imposition of censure acts as a public reprimand that is permanently kept in the licensee’s file.
- **Probation**—places terms and conditions on the licensee’s license.
- **Suspension**—requires that the licensee cease practicing nursing for a period not to exceed 3 years.
- **Revocation**—most restrictive discipline. The imposition mandates that the licensee immediately loses his/her license and may no longer practice nursing in Missouri.

Grounds for Denial or Discipline

The Board may refuse to issue licenses or impose a disciplinary action pursuant to the provisions in Section 335.066, RSMo of the Nursing Practice Act for one or any combination of the causes listed below:

1. Use or unlawful possession of any controlled substance, as defined in chapter 195, RSMo, or alcoholic beverage to an extent that such use impairs a person’s ability to perform the work of any profession licensed or regulated by sections 335.011 to 335.096.
2. The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution pursuant to the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of

- any profession licensed or regulated pursuant to sections 335.011 to 335.096, for any offense an essential element of which is fraud, dishonesty or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed.
3. Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to sections 335.011 to 335.096 or in obtaining permission to take any examination given or required pursuant to sections 335.011 to 335.096.
 4. Obtaining or attempting to obtain any fee, charge, tuition, or other compensation by fraud, deception or misrepresentation.
 5. Incompetency, misconduct, gross negligence, fraud, misrepresentation or dishonesty in the performance of the functions or duties of any profession licensed or regulated by sections 335.011 to 335.096.
 6. Violation of, or assisting or enabling any person to violate, any provision of sections 335.011 to 335.096, or of any lawful rule or regulation adopted pursuant to sections 335.011 to 335.096.
 7. Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license or diploma from any school.
 8. Disciplinary action against the holder of a license or other right to practice any profession regulated by sections 335.011 to 335.096 granted by another state, territory, federal agency or country upon grounds for which revocation or suspension is authorized in this state.
 9. A person is finally adjudged insane or incompetent by a court of competent jurisdiction.
 10. Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by sections 335.011 to 335.096 who is not registered and currently eligible to practice pursuant to sections 335.011 to 335.096.
 11. Issuance of a certificate of registration or authority, permit or license based upon a material mistake in fact.
 12. Violation of any professional trust or confidence.
 13. Use of any advertisement or solicitation which is false, misleading or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed.
 14. Violation of the drug laws or rules and regulation of this state, any other state or the federal government.
 15. Placement on an employee disqualification list or other related restriction or finding pertaining to employment within a health-related profession issued by any state or federal government or agency following final disposition by such state or federal government or agency.

Discipline

Board Decisions—The Board reviews all complaints that are filed against the license of a nurse. Following an investigation, the Board determines whether or not to pursue discipline. If the board decides that disciplinary action is appropriate, the Board may pursue censure, probation, suspension, and/or revocation. *During FY2005, the Board closed 644*

Note: Surrender is not considered a disciplinary action under current statutes.

FY2005 Complaint Final Actions

Hearings

The Board has the authority to conduct two types of hearings. A violation hearing is held when a disciplined nurse violates the terms of a current discipline. There were 47 violation hearings held in FY2005. In addition, the Board of Nursing may also hold disciplinary hearings after the Administrative Hearing

Commission finds that there is cause to discipline the nurse's license. The Board's hearing offers the opportunity to the nurse to present information to the Board that could impact the severity of disciplinary action decided upon. There were 23 disciplinary hearings held in FY2005.

Financial Information

The Board of Nursing operates solely on fees that are received from the licensees who are regulated by the Board. All fees received are deposited in the state treasury and credited to the State Board of Nursing. Money is then appropriated from the fund to the Board of Nursing by the Legislature each year to pay all administrative costs and expenses of the Board.

Listed below are the fees that are charged by the Board of Nursing and also the breakdown of the appropriate amounts that the Board of Nursing received in FY2005 in order to operate.

Approved: recognized by the Board as meeting or maintaining minimum standards for education preparation of practical or professional nursing.

Certificate of Approval: document issued by the Board to schools of nursing which have met minimum standards.

Conditional Approval: status of a school or program that has failed to meet or maintain the regulations or requirements, or both, set by the Board. This status is subject to the school or program conforming to the requirements and recommendations and within a time period set by the Board.

Generic: initial educational program in nursing leading to entry-level licensure.

Initial Approval: status of a newly established school or program that has not graduated its first class and has not received other approval status.

Ladder Programs: variable advanced placement based upon a practical nursing license.

Minimum Standards: criteria which nursing programs shall meet in order to be approved by the Board.
