Duke University Medical Center: 10 Years of Treatment for Smokers

Deep in the heart of tobacco country is an innovative, long-standing program to help hospitalized patients

break the nicotine habit. Ten years ago, the Smoker's Consultation Service (SCS) at Duke University Medical Center, Durham, NC, was the first in the nation to provide bedside smoking cessation counseling in the hospital setting.

Over 5,000 people, mostly cardiovascular patients, have participated in the program. The program also includes counseling services for patients experiencing nicotine withdrawal and for any patients receiving nicotine patches or gum.

Surviving Without Cigarettes: A Guide for Patients in Smoke-Free Hospitals is a free publication that tells more about the program. Send a self-addressed stamped envelope to the Smoker's Consultation Service, Box 2984, Duke University Medical Center, Durham, NC, 27710 or call at 919-684-6475.

Other Smoking Cessation Resources:

Bedside Counseling of the Hospital Patient is a free resource for health care professionals who want to start programs in their own hospital. Write to the American Association for Respiratory Care at 11030 Ables Lane, Dallas, TX 75229.

Nico-Notes is published quarterly by the PSL Center for Health Sciences Education and sent free of charge to health professionals interested in nicotine dependency treatment. They also offer free consultations and advice. To get on the mailing list, write to the PSL Center for Health Sciences Education, 1719 E. 19th Ave., Denver, CO 80218.

NON-SUFFICIENT FUNDS CHECKS

When a nurse issues a check for licensure on an account with insufficient funds, for whatever reason, the license issued in good

faith becomes invalid immediately upon board office notification. The license then remains invalid until such time as it is paid for in full, which includes the renewal fee and penalty for NSF check. In matters concerning license renewal, when NSF checks are issued, the renewed license becomes null and void. This becomes a very serious matter in that the nurse is then considered, from a legal perspective, practicing on a lapsed license. The licensee, in these circumstances, should not practice nursing until the license is paid for in full; this includes the renewal fee, late fee since the deadline for renewal has passed and penalty for NSF check. Furthermore, if the licensee has worked on a lapsed license, addition disciplinary action may be taken.

**FURTHER INFORMATION REGARDING
RELEASES OF INFORMATION**

In order for the Missouri State Board of Nursing to provide information from a licensee's file which is not available -

- a. under the Mandatory Reporting Rule, or
- b. as a matter of public record,

a release bearing a signature of the licensee authorizing the Missouri State Board of Nursing to release information must be received. A release reflecting a copy of the signature is as sufficient as the original signature.

If you have questions concerning releases of information, you can call the Board office at 314-751-6541.

BOARD MEETING CANCELLED

Please be advised that the August, 1994 Board meeting of the Missouri State Board of Nursing has been cancelled. If you should have questions regarding this notice, please call the Board office at 314-751-1416.

**REVISION MADE TO
UNCOLLECTIBLE POLICY**

At the January, 1994 Board meeting, a motion was made, seconded, and passed to revise the uncollectible policy from "30 days to 20 days" as the time frame that acceptable repayment for an uncollectible instrument must be received in our office after notification as been sent to the licensee.

In addition to the 20 day time frame, the decision of the Board was to also begin utilizing the Prosecuting Attorney's office for assistance in collecting uncollectible instruments that the Board of Nursing has been unsuccessful in recovering.

When notification of an uncollectible instrument is received in this office, the licensee/applicant is sent a certified letter, return receipt requested. The letter states that repayment must be received within 20 days or the matter will be referred to the Prosecuting Attorney's office for further pursuit. The file of the licensee or applicant is flagged and verified as "invalid" until the uncollectible has been made good.

If a licensee/applicant has contacted our office in advance regarding a possible uncollectible instrument, the information is maintained in a flagged file. When we receive notification from the Department of Revenue of the uncollectible instrument, licensee's/applicants who have contacted us in advance receive a phone call and instructions on submitting acceptable repayment.

During the renewal period it can take from four (4) to six (6) weeks for our office to receive notice from the Department of Revenue that the

payment will not clear the bank. Therefore, PLEASE DO NOT AUTOMATICALLY SEND A REPAYMENT when you receive notice from your bank, call our office first. We do not automatically accept a repayment for an uncollectible instrument without first receiving notice from the Department of Revenue that the payment was uncollectible. For us to do so would give the appearance that a duplicate payment is being made.

If the licensee/applicant fails to make restitution for the uncollectible instrument, their information will be referred to the Prosecuting Attorney's office, and their name and license number will be listed in the quarterly Newsletter published by this office.

If you have questions regarding uncollectibles or invalid licenses, contact Pam Campbell at (314) 751-3656.

CALL FOR NCLEX PANEL OF JUDGES APPLICATIONS

The National Council is seeking applicants for the NCLEX Panel of Judges. These judges will provide vital information which will assist the Board of Directors in setting a new passing standard for the NCLEX-RN. The Panel of Judges is scheduled to convene for three to five days in February 1995. If you meet the qualifications listed below and would be interested in serving, please submit an application to Pat Deeb at the National Council. An application form is available from the Board of Nursing office located in Jefferson City.

The composition of the Panel of Judges will:

1. consist of a minimum of nine members;
2. represent all four National Council Areas;
3. include at least one member of an ethnic minority group;
4. include one current practitioner who has been licensed for less than one year in the relevant license category;

5. represent clinical practice areas of newly licensed nurses as reported in the job analysis study; and
6. include one faculty member who currently supervises basic/undergraduate students in the clinical areas.

Panel members must:

1. be currently licensed as a nurse in his/her respective jurisdiction;
2. be currently employed in clinical nursing practice (except faculty member) giving patient care and working directly with nurses who have entered nursing practice during the past 12 months (e.g., staff nurses who work with entry-level nurses, nurses who precept or orient entry-level nurses, assistant head nurses, head nurses and clinical specialists);
3. be in clinical practice for at least two years (except for newly licensed nurse);
4. be intimately familiar with the knowledge, skills and abilities necessary for entry-level nurses;
5. provide written documentation from one immediate supervisor: a) stating that the prospective panel member has permission to be released from work to participate; b) supporting the prospective panel member's expertise in the specified practice area; and c) stating the prospective panel member's responsibilities working with entry-level nurses;
6. be recommended by the board of nursing in the prospective panel member's jurisdiction (recommendation is obtained by the National Council); and
7. be able to be present for three to five days at a place and time designated by the test service.

This is an excellent opportunity for nurses to participate in the development of the licensure examination. The deadline for receipt of the completed and approved applications at the National Council office is September 26, 1994.

If you have any questions, please contact Pat Deeb or Anne Wendt at the National Council, 312-787-6555.
