MISSION STATEMENT

The Board's mission is to serve and protect the public by providing an accessible, responsible and accountable regulatory system that:

- *Protects the public from incompetence, misconduct, gross negligence, fraud, misrepresentation or dishonesty;*
- *Licenses only qualified and competent professionals, and;*
- *Ensures compliance with professional standards and federal and state pharmacy law.*

ABOUT THE MISSOURI BOARD OF PHARMACY

The Board of Pharmacy is an autonomous Board within the Division of Professional Registration, an agency of the Department of Insurance, Financial Institutions and Professional Registration. The Missouri Board of Pharmacy was statutorily created in 1909 by House Bill 87 and has served the citizens of Missouri through the regulation of pharmacy practice for over 100 years.

MEMBERSHIP

The Board consists of seven (7) members, including, six (6) licensed pharmacists actively engaged in the practice of pharmacy and one (1) public member. By statute, at least one Board member must be a person who provides pharmaceutical services to a hospital, skilled nursing facility or intermediate care facility on a full-time basis.

Board members are appointed by the Governor and must be approved by the Missouri Senate. All members hold office for five (5) years from the date of their appointment and until their successors have been appointed and qualified. The Board annually elects a president and vice-president, each of whom serve one (1) year terms.

FUNCTIONS

Pursuant to Chapter 338, RSMo, the Board has superintending control over the practice of pharmacy in the State of Missouri and its primary duties consist of:

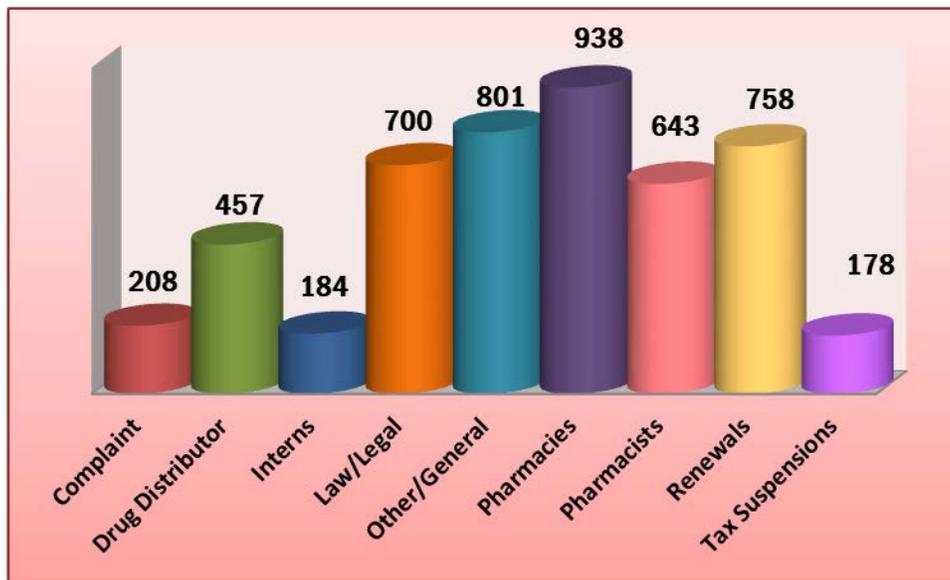

- Examining and licensing pharmacist applicants;
- Ensuring compliance with Chapter 338, RSMo, and the rules of the Board;
- Licensing/registering pharmacists, pharmacy technicians, intern pharmacists, pharmacies and drug distributors;
- Biennially renewing the licenses of qualified pharmacists, pharmacy interns, pharmacies, and drug distributors;
- Annually renewing pharmacy technicians;
- Investigating complaints involving unlicensed activity or against any licensee or registrant;
- Disciplining licensees which may include, public censure, probation, suspension or revocation of a licensee/registrant;
- Maintaining the Technician Employment Disqualification List for pharmacy technicians found to be in violation of Chapter 338, RSMo;
- Inspection of pharmacies and drug distributors; and
- Approval of preceptors and intern training pharmacies.

MEETINGS

During FY14, the Board held four (4) regular session meetings, ten (10) conference call meetings and four (4) email ballot meetings.

DRUG DISTRIBUTOR SUMMARY

All out-of-state drug companies or manufacturers that ship/transfer legend drugs or devices into Missouri are required to obtain an out-of-state drug distributor license with this office. Upon application, out-of-state companies are issued a temporary license that is valid one (1) year or until the application has been completely processed by this office, at which time, a permanent license is issued or the application is denied by the Board.

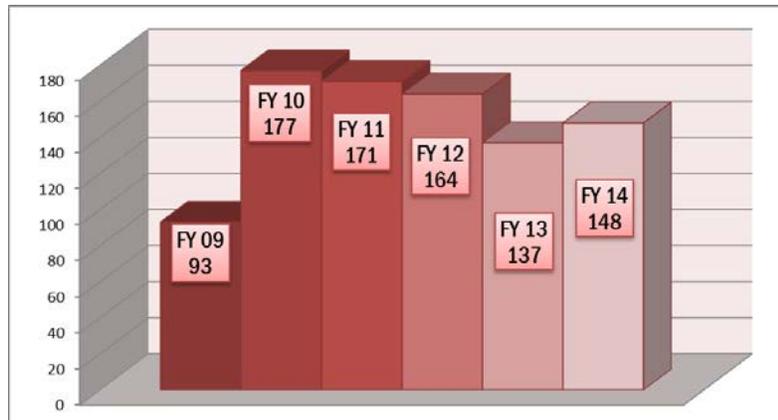

All in-state drug companies that ship/transfer legend pharmaceuticals are also required to obtain licensure with this office. Additionally, any pharmacy that distributes legend drugs to an entity other than the consumer (the patient), such as other pharmacies, physicians, etc., must obtain a drug distributor's license if the distribution exceeds 5% of the pharmacy's total gross sales of legend products.

INSPECTION SUMMARY

The Board conducts new and routine inspections of all Missouri located pharmacies and drug distributors. During FY14, Board inspectors conducted a total of 9877 inspections of pharmacies and drug distributors throughout the state.

The Board experienced a decrease in total inspections in FY 14 as the result of: (1) the retirement/resignation of three veteran inspectors and the simultaneous hiring and training of three new inspectors and (2) severe winter weather that resulted in a Governor declared state of emergency and activation of the State Emergency Operations Center.

PHARMACY/DRUG DISTRIBUTOR INSPECTIONS

** Total does not include follow-up inspections/investigations.*

INSPECTION FINDINGS

At the conclusion of an inspection, the inspector may initiate one of the following resolutions:

- **Observation Report**: Issued if no compliance issues are identified at the time of inspection or if compliance violations are noted that can generally be corrected and do not require further review/documentation.
- **Compliance Notice**: Issued if compliance concerns are discovered that require official documentation of corrective measures or in instances of multiple or repeat compliance violations.
- **Quality Assurance Report**: Issued if there is a specific question regarding the dispensing/handling of a particular prescription and/or drug.
- **Investigation**: An investigation may be initiated during an inspection if additional factual information may be necessary to assess compliance.

COMPOUNDED DRUG TESTING

In 2003, the Board initiated a program to test drug preparations compounded by pharmacies. All preparations are tested for potency and, if applicable, sterility and endotoxins. The tables listed below are for the fiscal year ending June 30, 2014:

<i>Dosage Form</i>	<i>Tests Performed</i>
<i>Capsule</i>	39
<i>Injection</i>	2
<i>I. V. solution</i>	5
<i>Ophthalmic solution</i>	1
<i>Oral Solution</i>	1
<i>Oral suspension</i>	7
<i>Powder</i>	3
<i>Sublingual Tablet</i>	1
<i>Suppositories</i>	1
<i>Topical Cream/Ointment</i>	3
<i>Topical Gel</i>	3
<i>Troche</i>	4

<i>Test Results</i>	<i>Tests Performed</i>	<i>Percentage</i>
<i>Satisfactory</i>	57	81.4%
<i>Unsatisfactory</i>	13	18.6%
<i>Total</i>	70	100%

All unsatisfactory results were related to potency failures. An acceptable potency range is considered +/- 10% of the expected potency, unless a U.S.P. monograph states a different range for a specific preparation. Unsatisfactory potency results ranged from 64.6% to 156.7%. All unsatisfactory results were related to potency. Pharmacies are notified of unsatisfactory results and asked to complete a quality assurance review of their compounding practices and provide a corrective action plan.

<i>Drugs With Unsatisfactory Results</i>
<i>Biest/Progesterone capsule</i>
<i>Biest/Progesterone/Testosterone capsule</i>
<i>Estradiol/Progesterone Troche</i>
<i>Nifedipine Topical Gel</i>
<i>Omeprazole oral suspension</i>
<i>Progesterone Capsule</i>
<i>Progesterone Troche</i>
<i>Triest Capsule</i>
<i>Zonisamide Oral Suspension</i>

RULE CHANGES

The Board continued to review Missouri’s pharmacy rules to ensure appropriate and consistent regulation. The following rules were pending, approved and/or promulgated in FY14:

STRATEGIC PLANNING INITIATIVES

As part of its regulatory mission, the Board holds an annual strategic planning meeting to assess Board operations and review Missouri's regulation of pharmacy practice. The public is invited to suggest proposals and participate in the annual review. The Board's FY14 strategic planning meeting was held on July 16, 2014. The Board voted to request authorization to pursue the following legislative proposals during the 2014-2015 legislative session: **

- **Adverse Reactions:** Would amend § 338.010, RSMo, to allow pharmacists to administer an emergency dose of epinephrine or diphenhydramine if a patient has an adverse reaction after a vaccine or drug administered by a pharmacist.
- **Implementation of the Drug Quality and Security Act:** Would establish licensing requirements for drug outsourcing facilities and third-party logistic providers created by the federal Drug Quality and Security Act enacted in 2013.
- **Disciplinary Authority:** Would amend § 338.055, RSMo, to include additional grounds for discipline related to the practice of pharmacy.
- **Mandatory Reporting:** Would require Board licensees to report adverse licensing actions to the Board.
- **Non-Resident Pharmacies & Drug Distributors:** Would prohibit non-resident pharmacies and drug distributors from renewing their Missouri license/registration if the entity does not have a valid license in their home state.

*** All legislative proposals must be approved by the Governor prior to submission.

“MoSafeRx” Patient Safety Initiative

The Board continued to promote the MoSafeRx patient safety campaign designed to encourage and promote patient safety in pharmacy practice. In FY14, the Board participated in a joint regulatory collaborative with the Missouri Board of Nursing, the Missouri Board of Registration for the Healing Arts and the Missouri Dental Board. The purpose of the collaborative was to discuss and identify ways to enhance communication and to coordinate regulatory functions to better ensure public protection.

As part of the joint collaborative, the regulatory boards agreed to host and sponsor a free statewide collaborative patient safety conference to be held in FY15.
