MISSOURI STATE BOARD OF COSMETOLOGY AND BARBER EXAMINERS
MANICURE
CANDIDATE INFORMATION BULLETIN ("CIB")

Due to social distancing requirements Barbers and Esthetician and Barber Crossover practical examinations will require candidates to use a mannequin for performing tasks during the administration of the examination. NO MODELS WILL BE ADMITTED until further notice.

Effective January 1, 2020:
NIC now requires ALL candidates who sit for any NIC practical examination to use only viricidal, bactericidal and fungicidal disinfecting WIPES. Spray disinfectant is no longer allowed in the testing rooms and will be confiscated. Candidates may remove wipes from a larger container and place in a closable plastic bag, copy and apply to the outside of the bag the appropriate manufacturers label and utilize in the examination with no issues.
This change is in effect now.

This Candidate Information Bulletin ("CIB") is intended for your use in preparing for and understanding the processes and procedures for applying for examination and scheduling to test. The Missouri Board of Cosmetology and Barber Examiners ("Board") is responsible for licensing and regulating barber and cosmetology related professions in the State of Missouri. The Board has contracted with PSI Services, LLC ("PSI") to provide administrative examination services. The Board will exclusively use the National-Interstate Council of State Boards of Cosmetology ("NIC") examinations. The Board first requires the submission of an Application For Examination / Temporary Permit. This is required to determine your eligibility for testing. Any questions regarding your application should be directed to the Missouri State Board of Cosmetology and Barber Examiners.

TAKING THE WRITTEN EXAMINATION BY COMPUTER

TAKING THE EXAMINATION BY COMPUTER

The examination will be administered via computer. You will be using a mouse and computer keyboard.

IDENTIFICATION SCREEN

You will be directed to a semiprivate testing station to take the examination. When you are seated at the testing station, you will be prompted to confirm your name, identification number, and the examination for which you are registered.

TUTORIAL

Before you start your examination, an introductory tutorial is provided on the computer screen. The time you spend on this tutorial, up to 15 minutes, DOES NOT count as part of your examination time. Sample questions are included following the tutorial so that you may practice answering questions, and reviewing your answers.

The “Function Bar” at the top of the sample question provides mouse-click access to the features available while taking the examination.

5/22/2020
One question appears on the screen at a time. During the examination, minutes remaining will be displayed at the top of the screen and updated as you record your answers.

IMPORTANT: After you have entered your responses, you will later be able to return to any question(s) and change your response, provided the examination time has not run out.

EXPERIMENTAL QUESTIONS

In addition to the number of examination items specified in the "Examination Content Outlines", a small number (5 to 10) of "experimental" questions may be administered to candidates during the examinations. These questions will not be scored and the time taken to answer them will not count against examination time. The administration of such unscored, experimental questions is an essential step in developing future licensing examinations.

EXAMINATION REVIEW

The Missouri State Board of Cosmetology and Barber Examiners is utilizing the National-Interstate Council of State Boards of Cosmetology (NIC) examinations. NIC conducts ongoing analysis and review of their examinations to ensure the examinations accurately measure minimal competency in the required knowledge area.

SCORE REPORTING

You will receive the score report immediately following the completion of the written examination.

Confidentiality: Test results are confidential and are not provided over the telephone.

Passing Candidates: When you have passed all required examinations, your scores will be electronically sent to the state of Missouri. It is not necessary to notify the Board that you have passed the examination; the Board will provide candidate scores on a daily basis. The Board will automatically issue a license shortly after.

Failing Candidates: Candidates who fail the theory and/or practical examination must re-register with PSI online at www.psimexams.com. You have three attempts to test per eligibility. If you fail three times you must reapply with the Board.

The score on the written examinations are reported as a scaled score, which is a score based on the number of questions you answered correctly that has been converted to a standardized number. The part scores cannot be transferred to a percentage, nor added for overall performance. Each individual part is weighted as to the importance of competence and public protection for entry-level candidates. These weightings then contribute to the total number of questions that must be answered correctly.

DUPLICATE SCORE REPORT

You may request a duplicate of the written score report after your examination by emailing scorereport@psionline.com or by calling 800-733-9267.
