MISSOURI BOARD FOR ARCHITECTS, PROFESSIONAL ENGINEERS, PROFESSIONAL  
LAND SURVEYORS AND PROFESSIONAL LANDSCAPE ARCHITECTS

**INSTRUCTIONS FOR PREPARING PROFESSIONAL ENGINEERING  
APPLICATION PER BOARD RULE 20 CSR 2030-5.080(4)**

3605 MISSOURI BLVD., SUITE 380  
JEFFERSON CITY, MISSOURI 65109  
TELEPHONE: 573/751-0047  
FAX: 573/751-8046

**READ CAREFULLY**

**Eligibility for applying under Board Rule 20 CSR 2030-5.080(4)**

An applicant who completes an engineering education program that is non-accredited and not deemed substantially equivalent and who then earns a graduate engineering degree from a United States school with an EAC/ABET-accredited undergraduate or graduate program in an equivalent discipline will be accepted for the licensure process. The graduate degree should be treated as confirming the undergraduate degree giving the applicant equal standing with an applicant who has graduated from an EAC/ABET undergraduate engineering program. The degree earned in the graduate program validates the degree earned in the non-accredited undergraduate program and would not then be applicable for experience credit.

Before beginning to prepare your application, read it through part by part, including the affidavit, and be sure that you understand each part before typing in the information required.

**PLEASE NOTE THAT ALL INFORMATION ON THE APPLICATION MUST BE TYPEWRITTEN.**

**Required: Pursuant to Board Rule 20 CSR 2030-5.160, Applicants shall submit proof of receiving a passing score of 80% on the required State Exam covering Chapter 327, RSMo, the Board Rules and Ethics. To take this exam, please click here: <https://pr.mo.gov/apelsla-exam.asp>. Please click here: <https://pr.mo.gov/apelsla.asp> to view the Rules and Statutes. In addition, proof of your passing score must be included with the application.**

Assemble all data necessary to enable you to complete the application. An incomplete application will not be processed.

**We do not accept applications by fax or e-mail.**

Insert your photograph in the blank space provided for that purpose on the first page of the application.

**Applicant shall request proof of graduation in the form of an official transcript of grades. Undergraduate and Graduate transcripts are required to be sent directly to the Board office by the University – unless previously submitted with Missouri Engineer Intern application. A copy of diploma or record of grades is not acceptable. A degree in engineering technology does not meet the educational requirements of the State of Missouri.**

Prepare “Summary of Professional and Non-Professional Experience,” in chronological order. Enter total at bottom of form. All applicants must account for 100% of their time, including military service, etc. **If you left the field of engineering for any period of time, for any reason, this time period and explanation of what you were doing MUST be included.**

Complete a **separate** “Professional Experience Form” for **each** engineering engagement (place of employment) and have the appropriate supervising engineer, supervisor and/or client complete the “Verification of Supervising Engineer, Supervisor or Client” and **return them to the Board WITH your application**. Faxed, scanned or photocopies of Experience Forms are not acceptable.

IF YOU ARE APPLYING FOR LICENSURE BY EXAMINATION and are now enrolled as an engineer intern in another state, it will be necessary for you to request a verification from the state board where you are enrolled. The verification must be requested by accessing the NCEES Electronic License and Exam Verification System <https://verify.ncees.org/>. If you took the Fundamentals of Engineering Examination in the state of Missouri, it is not necessary for you to request a verification from the Missouri Board.

IF YOU ARE APPLYING FOR LICENSURE BY COMITY, it will be necessary for you to request a verification from the state board from which you received your original licensure. The verification must be requested by accessing the NCEES Electronic License and Exam Verification System <https://verify.ncees.org/>. If you took the Fundamentals of Engineering Examination in one state and the Principles and Practice of Engineering Examination in another state, a verification must be requested from BOTH states. If you took the Fundamentals of Engineering Examination in the state of Missouri, it is not necessary for you to request a verification from the Missouri Board.

Payment should be made payable to the “Missouri Board for Professional Engineers”. Checks and/or money orders must be drawn on a United States bank. NOTE: Per Board Rule 20 CSR 2030-6.010, cash is not an acceptable form of payment.

If additional sheets are included with your application, they must be 8 1/2 x 11 inches and each sheet must be signed and dated by you and the person verifying your experience.

Having completed your application and affidavit, check to see if you have signed your name in all spaces required, then submit your application and fee to: Missouri Board for Professional Engineers, 3605 Missouri Boulevard, Suite 380, Jefferson City, Missouri 65109.

**FAILURE TO INCLUDE ALL DOCUMENTS AND INFORMATION REQUIRED, OR FAILURE TO FOLLOW INSTRUCTIONS IN FILLING OUT YOUR APPLICATION, WILL RESULT IN THE RETURN OF YOUR APPLICATION WITHOUT PROCESSING.**

It is your responsibility to keep a copy of the application for your files.

An application pending review will be retained for a period of one year from the date it was originally filed.

## INSTRUCTIONS FOR PREPARING PROFESSIONAL ENGINEERING COMITY APPLICATION (CONTINUED)

NCEES records are retained for a period of one year from the date of receipt.

**IMPORTANT**

An applicant’s engineering experience record is evaluated from information furnished by the applicant as well as by corroborative testimony from employers, references, and clients. For this reason, an applicant’s experience record must be set out in such a manner that a clear determination can be made as to what type of work you have actually performed in each work engagement. For each engagement you should set forth typical major projects on which you have worked. For each project listed, you should describe the scope of the project (what it involved) and your duties and responsibilities on that project; e.g., number of employees supervised, if any, design responsibilities, duration of project, etc. **This information is required of all applicants.**

Statistics indicate that approximately 15% of all applications filed for licensure as a professional engineer must be returned to the applicant because he/she did not furnish enough detail on the Professional Experience form.
