REQUEST FROM HEALTH AND SAFETY INSTITUTE FOR APPROVAL OF BLS COURSE
Mr. John Creager presented to the Board on behalf of the Health and Safety Institute (HSI). Mr. Creager informed the Board that his is CPR/First Aid instructor and a fire fighter/paramedic in Kansas City, Missouri. Mr. Creager has been a CPR/First Aid instructor since 1995 and he started teaching with the HSI about seven (7) years ago. Mr. Creager reported that the reason for today’s discussions is because one of his clients contacted him because her certification was rejected for renewal because she obtained it through HSI. Mr. Creager informed the Board that HSI sits on the Emergency Cardiac Care (ECC) Board along with the American Heart Association, the American Red Cross and the National Safety Council. These groups worked together to develop the 2010 standards that are currently being taught. Mr. Creager recommended that the Board consider changing its rule to require that the instructors follow the most current ECC standards and be accredited by a third party provider.

A motion was made by Dr. Saladin and seconded by Mr. Relford to include an item on the October 2011 meeting agenda to discuss the possibility of changing the rules that refer to the BLS requirement, and to instruct the Board staff to check on HSI’s accreditation. The motion carried unanimously.

APPROVAL OF THE MINUTES
A motion was made by Ms. Polc and seconded by Dr. Aubert to approve the open minutes of the April 8, 2011 mail ballot as written. The motion carried unanimously.
A motion was made by Ms. Polc and seconded by Dr. Wallace to approve the open minutes of the April 14-16, 2011 Board meeting as written. The motion carried unanimously.

A motion was made by Ms. Polc and seconded by Dr. Aubert to approve the open minutes of the April 29, 2011 mail ballot as written. The motion carried unanimously.

A motion was made by Ms. Polc and seconded by Dr. Wallace to approve the open minutes of the May 27, 2011 Board meeting as written. The motion carried unanimously.

A motion was made by Ms. Polc and seconded by Dr. Wallace to approve the open minutes of the June 8, 2011 conference call as written. The motion carried unanimously.

**REQUEST FOR APPROVAL OF JOHNSON COUNTY COMMUNITY COLLEGE’S NITROUS OXIDE COURSE FOR DENTAL ASSISTANTS**

Mr. Barnett informed the Board that Johnson County Community College (JCCC) has been teaching the same nitrous oxide course to both dental hygienists and dental assistants. Mr. Barnett informed the program director that the Board might have an issue with that because there are some things that a hygienist can do with regard to nitrous oxide that an assistant can’t do, and he didn’t know how appropriate it would be for assistants to be taught those things. A motion was made by Dr. Saladin and seconded by Dr. Wallace to approve JCCC’s nitrous oxide course, but to specify that if the course will be offered to both hygienists and assistants, the instructor needs to differentiate between acceptable scope of practice. The motion carried unanimously.

**DISCUSSION REGARDING HOW MANY TIMES AN APPLICANT CAN FAIL THE COMPETENCY EXAMINATION BEFORE REMEDIATION**

Dr. Wallace informed the Board that under current rule, an applicant for licensure can fail the clinical competency examination five (5) times before being remediated. Dr. Wallace is in favor of changing the language to reflect what Oklahoma has in place, which is allowing an applicant to fail the clinical competency examination twice before remediation, and then if the applicant fails a third time, the Board has the authority to deny licensure. A motion was made by Dr. Wallace and seconded by Dr. Saladin to instruct the Board staff to develop language for the Board to consider during the October 2011 meeting that would allow applicants for licensure as a dentist to fail the clinical competency examination twice before remediation (at the Board’s discretion). If the applicant fails a third time, the Board would then have the authority to deny licensure. The motion carried unanimously.

A motion was made by Ms. Polc and seconded by Dr. Saladin to instruct the Board staff to develop language for the Board to consider during the October 2011 meeting that would allow applicants for licensure as a dental hygienist to fail the clinical competency examination twice before remediation (at the Board’s discretion). If the applicant fails a
third time, the Board would then have the authority to deny licensure. The motion carried unanimously.

**DISCUSSION REGARDING 332.072, RSMO, THE GRATUITOUS DENTAL SERVICES QUALIFICATIONS**

Mr. Barnett informed the Board that the staff has some concerns with regard to individuals qualified to provide gratuitous dental services in Missouri. In May, someone notified the office that s/he would like to volunteer during the Missouri Missions of Mercy event this fall, who, by their own admission, is unable to practice due to a traumatic head injury. Because this person has been able to maintain licensure, there is no reason s/he cannot provide gratuitous services. Dr. Wallace said the Board may want to consider a temporary license status to address these concerns. Mr. Barnett suggested that if the Board creates a temporary license status, it require applicants to have actively engaged in the full-time practice of dentistry or dental hygiene for at least three (3) of the preceding five (5) years. A motion was made by Dr. Saladin and seconded by Dr. Aubert to instruct Mr. Barnett to develop the language he feels will address the situation and include the discussion on the Board’s October 2011 meeting agenda. The motion carried unanimously.

**ELECTIONS**

**CRDTS Representatives**

A motion was made by Dr. Aubert and seconded by Dr. Saladin to approve Ms. Polc as the CRDTS Steering Committee representative and the CRDTS ERC representative for dental hygienists, and to approve Dr. Aubert as the CRDTS ERC representative for dentists. The motion carried unanimously.

**WREB Representatives**

A motion was made by Dr. Wallace and seconded by Dr. Saladin to re-appoint the existing representatives to their positions, with Dr. Aubert as the WREB Board of Directors representative and the WREB ERC representative for dentists, and Ms. Polc as the WREB ERC representative for dental hygienists. The motion carried unanimously.

**CLOSED SESSION**

At approximately 4:11 p.m., a motion was made by Dr. Saladin and seconded by Dr. Aubert to move into closed session pursuant to Chapter 610.021, sections (1), (3), (5), (7), (13) and (14), RSMo, and Chapter 324.001.8 and 324.001.9, RSMo, for the purpose of discussing general legal actions, causes of action or litigation and any confidential or privileged communications between the Board and its attorney, and approval of closed minutes. Those voting yes: Dr. Titterington, Dr. Saladin, Dr. Aubert, Dr. Wallace, Ms. Polc and Mr. Relford. The motion carried 6 to 0.

**RECONVENE**

The Board reconvened in open session at approximately 5:51 p.m.
REVIEW AND APPROVAL OF SPECIALTY COMMITTEES FOR FY2012
The Board reviewed the lists of members for the specialty committees. A motion was made by Dr. Aubert and seconded by Ms. Polc to approve the specialty committees as presented for fiscal year 2012. The motion carried unanimously.

RECESS
The Board recessed for the evening at approximately 5:52 p.m.

SATURDAY, JULY 30, 2011
The Board reconvened in open session at approximately 8:06 a.m. on Saturday, July 30, 2011. The meeting was called to order by Dr. Paul P. Titterington, President, at the Associated Industries of Missouri, 3234 West Truman Boulevard, Jefferson City, Missouri.

Mr. Barnett reported that the Board’s budget is in outstanding shape. He is estimating that budget cuts that the Board has implemented have slashed the Expense and Equipment expenditures by about forty-seven percent (47%). Mr. Barnett mentioned that his plan for a decrease in renewal fees may be postponed because the Division is looking at trying to implement a new licensure database system, and there will be some costs to the Board.

**Rulemaking Status Report**

Mr. Barnett reported that he had a meeting with the Division rulemaking staff last Friday and they referred the proposed changes to the dental assistant, dental hygienist and sedation rules back to him with questions regarding the small business impact.
estimates. Mr. Barnett will meet with them again in the next few weeks to work those issues out.

Mr. Barnett pointed out that the Board’s discussions during Friday’s meeting regarding the possibility of changing the basic life support (BLS) requirement in the rules would likely affect the language that has been submitted to the Division for approval, so he asked how the Board would like to proceed. Dr. Wallace asked how long it would take to research the issues that were brought up during Friday’s meeting. Assuming it would take a simple telephone call or Internet search, Dr. Wallace suggested the discussion be included on the Board’s next conference call agenda. Mr. Barnett would prefer to continue the discussion in a face-to-face meeting because it is an open item and he knows members of HSI would like to be present.

Legislative Report
Mr. Barnett informed the Board that the teaching license bill was passed by the Governor and will become effective August 28, 2011. The Board will need to change the Fees rule in order to implement the statute by establishing the application and renewal fees.

Dr. Wallace expressed his concern that the reason for issuing teaching licenses, is for foreign-trained dentists to be able to work towards obtaining their D.D.S. or D.M.D. degree while instructing at the University of Missouri-Kansas City School of Dentistry. If a person isn’t deemed to be making satisfactory progress while going through the program, he has concerns about that person holding any type of licensure because he feels that shows incompetence. Mr. Aaron Washburn asked if there’s been any discussion as to defining the setting.

Mr. Barnett was instructed to include an item on the October 2011 meeting agenda to discuss developing a teaching license rule and to establish the necessary fees.

DIALOGUE WITH ASSOCIATIONS
Missouri Primary Care Association (MPCA)
Ms. Karen Dent informed the Board that the MPCA has been involved for close to ten (10) years with the Missouri Coalition for Oral Health (Coalition), which has faltered over the last few years. Recently, the three (3) major charitable foundations in the State of Missouri have been holding stakeholders meetings to revitalize the Coalition. The foundations have put together a new Board of Directors and are currently looking for an executive director.

Missouri Dental Hygienists’ Association (MDHA)
Dr. Bonnie Branson informed the Board that she has nothing new to report, but she thanked the Board for keeping the MDHA on the list for dialogue.
Missouri Dental Assistants Association (MDAA)
Ms. Mary Lou Young reported that the MDAA organized a continuing education meeting at the Lake of the Ozarks in July. Ms. Janet Sell provided an infection control seminar. There were about thirty (30) dental assistants in attendance who were very enthusiastic and had a lot of interaction.

The MDAA will be giving basic skills examination again in November 2011.

Missouri Dental Association (MDA)
Dr. Mark Zust informed the Board that he has nothing new to report, but he thanked the Board for keeping the MDA on the list for dialogue.

Dr. Aubert informed Dr. Zust that the MDA may want to consider including an article in the Focus regarding a dentist allowing a dental hygienist to proceed with a cleaning on a new patient after reviewing the patient’s health history, periodontal readings and radiographs, but prior to the dentist performing a complete examination.

Mr. Barnett suggested the Board look into the definition of patient of record to determine if any changes need to be made.

PRESENTATION FROM ROLFE MCCOY, D.M.D. REGARDING MONITORING SERVICES FOR DISCIPLINE CASES
At approximately 9:27 a.m., Dr. McCoy presented to the Board on the Dental Mentoring Services program he has developed.

Dr. McCoy informed the Board that he and a close friend from Idaho have worked together to develop a dental mentoring program. The purpose of the program is to provide an independent service that would assist the Board with implementing, monitoring, mentoring, testing and reporting for licensees under current discipline. The advantages to the Board include independent, non-biased reporting on disciplined licensees, versatility in designing the quantum of discipline, one-on-one mentoring, hands-on continuing education, and calibration. Dr. McCoy will be able to mentor in all facets of dentistry through onsite evaluation, observation, testing and reporting. Dr. McCoy informed the Board that his qualifications include being a CRDTS examiner for twelve (12) years, a WREB examiner for nine (9) years, he has an estimated five hundred (500) hours of experience in calibration, he has sat on the Examination Review Committees for both CRDTS and WREB, he assisted in the Prosthodontic CSW Examination, and he has sat on WREB’s Endodontic Examination Committee. Dr. McCoy also assisted in the calibration development for the MDA’s restorative and prosthodontic expanded functions courses, he is an expanded functions trainer for restorative and orthodontics, and he has extensive knowledge of the Missouri Dental Board’s statutes and rules.

Dr. Aubert asked when Dr. McCoy would be able to implement this program. Dr. McCoy said he would easily be able to start by September. Dr. McCoy’s plan would be for the settlement agreement/disciplinary order to specify that the licensee would
contract through Dr. McCoy for his services. Dr. McCoy’s contract would be with the licensee, not with the Board. Dr. Aubert asked how often Dr. McCoy would report to the Board. Dr. McCoy said he would be willing to report as often as the Board feels necessary. Dr. Aubert asked Dr. McCoy if he would have associates come on to help him. Dr. McCoy’s idea is to establish a network of dentists across the United States.

Dr. Wallace would like to see Dr. McCoy consider providing mentoring services in prescribing and recordkeeping. Dr. Wallace is concerned that if Dr. McCoy would determine that a licensee is not making the appropriate progress, how the Board would address that situation and if the Board would have the ability to change the terms of the licensee’s discipline. Mr. Barnett explained that the Board could include very specific language in the settlement agreement/disciplinary order to address those concerns. Dr. Wallace feels having the type of services that Dr. McCoy is willing to provide available as an option when disciplining a licensee has the potential to be a better form of discipline in terms of protecting the public because that individual will be mentored in the areas they are deficient and tested for competency.

The presentation concluded at 10:34 a.m.

FUTURE MEETING SCHEDULE
The Board tentatively scheduled the following meeting dates:

- September 7, 2011 at 6:00 p.m. – Telephone Conference Call
- August 2-4, 2012 – Board Meeting
