### PATIENT SAFETY CONFERENCE

Mr. Barnett reported that a Joint Regulatory Patient Safety Conference is scheduled for August 7th in Columbia, Missouri. This is a joint effort between the Board of Healing Arts and the Boards of Nursing, Pharmacy and Dental. Mr. Barnett will be giving a presentation about the Missouri Dental Board at the conference. Mr. Barnett reported to the Board that the Pharmacy Board is going to absorb a majority of the cost of putting on the conference, but that the other Boards should probably agree to help out with the costs. The majority of the costs will be for rental of the meeting room, AV equipment rental and printing costs for conference materials. Mr. Barnett said that based upon the expenses identified, he believes the cost to the Dental Board should be between $500 to $700. The conference is free for attendees. A motion was made by Mr. Relford and seconded by Dr. Aubert that the Board authorize Mr. Barnett to pay some of the expenses for the conference. Those voting yes: Dr. Aubert, Dr. Wallace, Mr. Relford, Dr. Chapman and Ms. Polc. The motion carried 5-0

### RENEWAL FEE REDUCTION

Mr. Barnett informed the Board that a fee decrease for the upcoming renewal went into effect. The renewal fees for the upcoming renewal will be $180.00 for dentists and dental specialists and $60.00 for dental hygienists for a 2 year renewal. Mr. Barnett indicated that the fee balance will be monitored but doesn't foresee any need for fees to be raised in the coming years.
ANESTHESIA QUESTIONS
Mr. Barnett informed the board of an email received from an oral surgeon regarding clarification and concerns of the 15 hours of CE required for airway management for the renewal of general anesthesia permits. Mr. Barnett suggested that the board may need to look at the rule and to better clarify that the 15 hours are not in addition to the hours required for license renewal. Nothing prevents a licensee from applying hours that they obtained for license renewal towards the 15 hours for sedation/anesthesia permit renewal. The board will review and discuss in more detail during the October 10, 2014 strategic planning meeting.

LICENSEE REPORT
The board reviewed the license statistics that are prepared at the completion of the fiscal year. Mr. Barnett suggested that the board to review the licensee report again during the January 2015 meeting, due to the possibility that renewals taking place in November 2014 may have a significant change in amount of licensees.

AADA MEETING (American Association of Dental Administrators)
A motion was made by Ms. Polc and seconded by Mr. Relford to approve the out of state travel request for Mr. Barnett to attend the AADA meeting October 6 & 7, 2015 in San Antonio, Texas. Those voting yes: Dr. Aubert, Ms. Polc, Mr. Relford, Dr. Chapman and Dr. Wallace. The motion carried 5-0.

A motion was made by Mr. Relford and seconded by Dr. Aubert to request out of state travel for Deb Polc and Sarah Ledgerwood to attend the AADA and AADB meeting in San Antonio, Texas. Those voting yes: Dr. Aubert, Dr. Wallace, Mr. Relford, Dr. Chapman and Ms. Polc. The motion carried 5-0.

DIALOGUE WITH ASSOCIATIONS
Missouri Primary Care Association
Ms. Karen Dent, Director of MPCA and Dr. Nathan Suter, Dental Director for COMTREA Health Center located in Jefferson County. Ms. Dent provided an update on some of activities of MPCA. MPCA is still providing in-service training in their Health Centers to medical and dental providers on the integration of prenatal and adult oral health care, they are training medical providers to recognize what is normal and not normal in a child or adults mouth and to make sure they get referrals to the dental clinic for pregnant women as well as infant and toddlers.

MDA has been providing expanding function dental assistant trainings in their health clinics, there have been a total of 4 different trainings since April and another 4 will be completed prior to November 30, 2014. The evaluations have come back excellent and Ms. Dent feels it is due to the quality of the curriculum the MDA has created.

The MPCA is beginning to explore the possibility of a pilot program to address emergency issues and address oral health problems as there is excessive use of
emergency departments for oral health problems. DHSS has provided excellent data regarding the excessive use of the emergency rooms.

The final item Ms. Dent would like to discuss is the possibility of implementing and created a pilot of The Virtual Dental Home, similar to what is used in California and started by Dr. Paul Glassman that utilizes Dental Hygienists in the field to communicate with dentist via cloud-based electronic computing. Ms. Dent turned over to Dr. Suter to help explain in more detail of the program.

Dr. Suter explained that with this program, the dentist can send the dental hygienist out into the field such as other WIC offices, nursing homes and schools to collect data using current technology already available to us. It will allow taking x-rays, intra oral photos, and intra oral cameras to gather data to allow the dentist at another location to make a diagnosis based on the data collected. They have been doing this in California and there is evidence published showing that the treatment plan created from the exam done remotely and the treatment plan created from the more traditional office exam on the same patient are identical.

Dr. Suter indicates that he has all of this technological capabilities available today in which he could start these type of exams. Dr. Suter indicated that his clinic is next to a school with about 7,000 students, and about 4,000 of them are on free or reduced lunch, which means they are more than likely on Medicaid. Dr. Suter said he is limited on his resources to be able to reach all of these children, as he is the only Medicaid provider in his county. If he was able to send his hygienist to the 10 schools in his district with this technology, he could review this data remotely and complete his exams, he could determine who would need to be brought to him at his fixed clinics and he could reach the most kids with the most need and then the dentist could save the time in performing triage. The patient could come in and already have the plan to provide the specialized care whether restorative or operative. There are several dental directors that are interested in this technology that are in Missouri Primary Care Association clinics as well as other organizations that work with the disabled and lower income patients.

Dr. Suter felt there isn’t anything in the law that would prevent them for doing this, however, wanted to address the board to explain the program and make sure the board was comfortable with it.

Ms. Dent added that this would be more efficient for the patient, clinic, hygienist and dentist and would allow more patients to receive care and the public schools in their area have been approved through Medicaid to provide transportation to the clinics in Dr. Suter’s area.

Dr. Suter is currently working with Medicaid to make sure it will be billable for reimbursement. Regulations for MO health net regulations are currently being revised to include this service.
Mr. Relford believes this is an important service to provide. Dr. Aubert feels that if this will allow helping the amount of people that need assistance, he’s is for this services. He feels that the board may need to look at the language in their rules to address how new technologies can be utilized to provide more dental care.

**Missouri Dental Assistants Educators (MDAE)**
There were no representatives for the MDAE at this meeting.

**Missouri Dental Hygienists’ Association (MDHA)**
Bonnie Branson, RDH, stated that on behalf of Karen Reiner, RDH, President of the MDHA, on behalf of all of the hygienist of the state the MDHA would like to thank the board for looking at what can be done to better utilize dental hygienists and meet the needs of less fortunate. Ms. Branson wanted to report how strong and active of an association MDHA is. MDHA will have a meeting the week of August 4, 2014. Their board of trustees will meet and will include the strategic planning meeting for the upcoming year. October 17-18, 2014 will be the annual session to be held at Camden on the Lake. All involved in the association are working very hard to do their part.

**Missouri Dental Assistants Association (MDAA)**
There were no representatives for the MDAA at this meeting.

**Missouri Dental Association (MDA)**
Dr. Merle Nunemaker, President of the MDA reported that in May the MDA had MOMOM in St Louis, where there were about 1600 patients seen in a two day period. A total of $916,000.00 worth of donated medical care was provided. There were 208 dentists, 103 Dental Hygienist and a total of about 1,000 volunteers who participated. It was a very successful event. Dr. Nunemaker indicated on a personal note, it was very rewarding. Dr. Nunemaker stated he was able to take some legislators around along with Dr. Storm from DHSS and gave them a tour of the events. Dr. Nunemaker would like to thank the board for their work on the restorative II EFDA program.

The MDA just held the strategic planning session in Kansas City, in conjunction with the New Dentist conference. ADA and APEC boards were there, MDA were one of the main sponsored along with the Kansas Dental Association and the greater Kansas City Dental Society. The next board of trustees meeting will be held in about 3 weeks, speakers will be, Ken Rich, the Kentucky Medicaid director, will be discussing the dental quality alliance, Chris Holliday who is Dean of the Kirksville Dental School and Dr. Storm, Director of DHSS.

Dr. Nunemaker spoke about the upcoming legislative agenda, the LRC (Legislative Regulatory Committee) will be meeting by conference call, Earl Larson, is the chairperson for the committee. The committee will plan to discuss the past year and to follow up on and any new items upcoming.

**DISCUSSION WITH DHSS REGARDING MANPOWER SURVEYS**
Dr. Ray Storm and Ben Harvey were present and reported on DHSS. Dr. Storm is the new state dental director for DHSS and is responsible to evaluate and develop new programs and policies. They have been able to develop a report regarding Oral Health availability and to include work force data. DHSS is requesting to add a survey to be completed in conjunction with the application for licensure renewal in order to obtain more accurate data then they have now. All responses will be voluntary unless the board makes rules or regulation change to make mandatory. The board will review in greater detail during the October 23 & 24, 2014 meeting.

REQUEST FROM MDHA TO RECONSIDER A RULE CHANGE TO ALLOW DENTAL HYGIENISTS TO ADMINISTER LOCAL ANESTHESIA UNDER GENERAL SUPERVISION
Diann Bomkamp, RDH, representing the Missouri Dental Hygienists’ Association reported that a response was received by the Missouri Dental Association stating it is opposed to allowing dental hygienists to administer local anesthesia under general supervision. Dr. Wallace suggested that MDHA and MDA try to find common ground, and possibly bring back to the board.

Discussion only, no motions were made.

REVIEW OF MDA CONCERNS REGARDING PROPOSED CHANGES TO ADVERTISING REGULATION
Dr. Merle Nunemaker, President of MDA requested that the board amend its proposal to change the advertising statutes. Dr. Wallace indicated that this statute appears to protect the interests of dentists more than to protect the public. Dr. Wallace stated that he agrees that the proposed change could be amended to clarify that it is illegal for a general dentist to advertise that they are a specialist.

Dr. Nunemaker indicated that he appreciates the Dental Board’s review and response of the MDA’s concerns with the proposal.

A motion was made by Ms. Polc and seconded by Dr. Aubert to amend the proposed changes to include language that it shall be false, misleading or deceptive for someone not licensed as a dental specialist to advertise or imply that they are a specialist.

Mr. Barnett is still drafting additional language to the Infection Control rule changes. Discussion only, no motions made.

REQUEST FROM MDA FOR APPROVAL OF RESTORATIVE II EXPANDED FUNCTIONS TRAINING CURRICULUM
Dr. Wallace spoke of the course design and said he has not heard any negative change for the course design, all have been positive. Dr. Wallace also indicated that not all of the board members have had a chance to review the course curriculum. He would like to give the board members another week to complete the review and then plan to have a mail ballot to put it to vote whether or not to approve the curriculum. A question came up as the use of a number 12 surgical blade. The board requested MDA to verify if this
is taught and used as a standard treatment and to get back to the board early next week. 
Discussion only, no motions made.

**FUTURE MEETING SCHEDULE**
A conference call is scheduled for August 19, 2014. A Strategic Planning Meeting is scheduled for October 10, 2014 to begin at 9:00 a.m. located at the Divisions Office. The Board scheduled the full board face to face meeting for August 6 & 7, 2015.

**ELECTION OF OFFICERS**
A motion was made by Dr. Aubert and seconded by Ms. Polc to nominate Dr. Kevin Wallace as President. The motion carried unanimously.

A motion was made by Dr. Aubert and seconded by Dr. Chapman to nominate Ms. Polc as Vice President. The motion carried unanimously.

A motion was made by Dr. Aubert and seconded by Mr. Relford to nominate Dr. Bryan Chapman as secretary. The motion carried unanimously.

**JOINT MEETING WITH ADVISORY COMMISSION FOR DENTAL HYGIENISTS**
At approximately 12:18 p.m., the Board recessed its meeting in order to conduct a joint meeting with the Advisory Commission for Dental Hygienists.

The meeting remained in recess until approximately 12:50 p.m.

**CLOSED SESSION**
At approximately 12:50 p.m., a motion was made by Mr. Relford and seconded by Dr. Aubert to move into closed session pursuant to Chapter 610.021, sections (1), (3), (5), (7), (13) and (14), RSMo, and Chapter 324.001.8 and 324.001.9, RSMo, for the purpose of discussing general legal actions, causes of action or litigation and any confidential or privileged communications between the Board and its attorney, and approval of closed minutes. Those voting yes: Dr. Aubert, Ms. Polc, Dr. Wallace, Mr. Relford and Dr. Chapman. The motion carried 5 to 0.

The Board remained in closed session until approximately 12:52 p.m.

**ADJOURNMENT**
There being no further open business to be brought before the Board at this time, a motion was made by Ms. Polc and seconded by Mr. Relford that this meeting adjourn. The motion carried unanimously. The meeting adjourned at approximately 12:53 p.m.

Respectfully submitted,

Sarah Becker, Processing Technician Supervisor
