Mr. Barnett spoke to the Board regarding the financial report. The Board reduced license fees for the last 3 (three) renewals and that worked well in reducing our overall fund balance. The Boards fund balance is staying very consistent as we have not had any huge expenses lately.

Mr. Barnett indicated that during the last meeting he brought to the board’s attention a recommendation that they should look into lowering the application for licensure fee. Mr. Barnett indicated that he would like to monitor the applications until July and get through a spring application cycle and see what numbers we receive and then bring that information back to the Board.

Mr. Barnett spoke about the Executive Order Number 3 which pertains to the rule review process. Mr. Barnett indicated that we have spent a lot of time on this process and will be working extensively on them later today. The Governor’s office has set a deadline of for an updated report for Monday and the final report is due to the Governor’s office in December.

Mr. Barnett indicated that he had attended the AADA and AADB meetings last week. The AADA meeting was very good; the focus was on procedures in the boards and looking at the complaint processes. Mr. Barnett stated that they had good discussions and that he came away with new ways to possibly improve the way we do things. With the new administration, there are performance measures that the Board will have to meet. Mr. Barnett would like for the Board to look at the way we process complaints and see if there are procedure changes that we can do to make improvements in the Board’s.

Mr. Barnett said that Board will not be sending anyone to the annual AADB meeting next year that is scheduled in Hawaii.

**DIALOGUE WITH ASSOCIATIONS**

**Missouri Primary Care Association (MPCA)**

Ms. Karen Dent, representing the MPCA.

Ms. Dent reported that as at the Oral Health Network, one of their main focuses has been integration between medical and dental disciplines within their health centers. Ms. Dent indicated that many young children end up having to be treated in operating rooms under general anesthesia because their dental needs are not being identified and met soon enough. They are trying to reduce that by giving education and setting up preventative interventions and early detection, so they are organizing oral health
trainings with dental and medical practitioners and encouraging communication between the two professions. Ms. Dent stated that they have developed informational resources that are designed to be used in medical exam rooms, so the medical personnel can provide some education guidance and to encourage referrals from the medical side to dental, that aren’t currently happening consistently.

Ms. Dent asked the board to clarify the continuing education hours required for renewals for EFDA permit holders. Ms. Dent indicated that they are currently holding classes right now for EFDA’s who are just now getting their initial permits. Ms. Dent asked, if the amount of CE required is prorated according to the time the EFDA has had their permit? Mr. Barnett responded stating a person that has obtained and EFDA permit within the last year of the 5 year renewal cycle; will only need 4 hours of continuing education to renew. Mr. Barnett also stated that this regulation doesn’t actually change until end of November. In addition, they are also required to have the BLS certification through an approved CE provider which can also count as part of the CE requirement if the BLS instruction was provided by an approved CE sponsor.

Ms. Dent also asked about infection control in a health care center and the CDC guidelines. There have been concerns regarding some components of the CDC guidelines and how the Board would be regarding non-compliance in those components. Mr. Barnett stated that the Board cannot give an opinion or an interpretation on the law. Mr. Barnett added that all Missouri Health care providers are required to adhere to CDC guidelines and if the Board finds an issue with a licensee the board has to look on a case by case basis.

**Missouri Dental Assistants Educators (MDAE)**
There were no representatives for the MDAE at this meeting.

**Missouri Dental Hygienists’ Association (MDHA)**
Diann Bomkamp, RDH, representing the MDHA.

Ms. Bomkamp informed the board the new President for MDHA is Linda Hoffman. Ms. Bomkamp stated that they had a great annual session at the Lake of the Ozarks; next year the meeting will be held in Springfield as our meeting size is growing.

**Missouri Dental Assistants Association (MDAA)**
There were no representatives for the MDAA at this meeting.

**Missouri Dental Association (MDA)**
Prabu Raman, D.D.S., representing the MDA.

Dr. Raman informed the Board that MDA Board and The House of Delegates will be meeting next week. Before that meeting, they will be having a dialog with the dental schools, called the Dental Educators Panel. It will be a dialog to keep the communication going between educators and the MDA.
Dr. Raman also indicated that the House of Delegates will be looking at resolutions that they wanted to share with the Dental Board. One is regarding the do it yourself tooth straightening systems and the resolutions calls for MDA to take position against it. The other is promoting the teaching license.

Dr. Raman said that the MDA will no longer have a mid-year meeting in January. The mid-year meeting will be combined with the meeting for new dentist called Connect for Success.

The ADA House of Delegates just met, Dr. Raman was appointed as a delegate and as chair for recognition of dental specialties and general dentistry committee. Dr. Raman was also appointed to serve on the specialty recognition task force. In addition Dr. Raman was appointed to a committee to work on a dental licensure of OSCE exam, to look into other alternatives and not have actual patients involved. The ADA for several years has had concerns about patients involved in the exams, so they are at the early stages and are exploring ideas on how to change that.

Dr. Raman spoke on the ADA House of Delegates resolutions. Resolution 50 regarding do it yourself teeth straightening was approved. The ADA believes for the health and well-being of the public, teeth straightening must be supervised by a licensed dentist and supervision is necessary for all basis of orthodontic care.

The second resolution has to do with the role of dentistry under resolution 17, which has to do with sleep related breathing disorders. The ADA Committee worked on this and now has a final report that was accepted by the House of Delegates. It makes sure a diagnosis of sleep apnea will be made by a physician. It also makes it clear that only a properly trained dentist will provide oral appliances.

Resolution 30 has to do with the creating a national commission on recognition of dental specialties. The MDA expected this to be a big fight and it turned out not to be the case. The proposed commission will have representation from each specialty. The criteria of what constitutes a specialty will still be maintained by the Council of Dental Education Licensure.

UMKC School of Dentistry
Marsha Pyle, representing UMKC.

Dr. Pyle indicated that an accreditation site visit will be conducted in the next few weeks.

Next week we will have an open discussion with the MDA regarding teaching permits.

This year the dental school will be working with St Louis University to try and advance the teaching permit. We will be sending language to Mr. Barnett regarding the teaching permit for the Board’s review.
Dr. Pyle would like to invite any Board member to their school and observe classroom and clinical settings.

**Missouri State Dental Director**
There were no representatives for the Missouri State Dental Director at this meeting.

**DENTAL CAREERS INSTITUTE-REQUEST FOR BOARD APPROVAL OF EXPANDED FUNCTIONS**
The Board tabled this request until the January 18-19, 2018 meeting for additional time to review.

**EXAM REPRESENTATIVE REPORTS**
Dr. Aubert indicated he had nothing new to report.

Verbal report from Ms. Maus and discussion, no motions were made.

Dr. Wallace indicated he had nothing new to report.

Dr. Kane indicated he had nothing new to report.

CDCA annual meeting is coming up in January, Mr. Barnett needs to know who is planning on going.

Mr. Barnett spoke on WREB regarding making significant changes to their exam in the spring of 2018. There has been fallout and two (2) states have indicated that they will no longer accept the WREB exam, Connecticut and Delaware. This is something that the Board will need to review on what criteria individuals should be tested on. The Board’s exam representative should be very attentive in upcoming meetings and be aware of discussions regarding proposed changes.

**REVIEW OF TASK LIST**
No changes at this time.

**FUTURE MEETING SCHEDULE**
The Board set a meeting date for October 25 & 26, 2018.

**RULE REVIEW PURSUANT TO EXECUTIVE ORDER 17-03**
Mr. Barnett reported that in January the Governor issued an executive order for all State agencies to review all of their rules and determine if there are things that could be eliminated that are too restrictive. We were required to take public comment for 60 days, during which time the Board received several comments. Every state agency has to submit a report to the governor’s office, affirming that the regulation is necessary.
In July, there was another project initiated by the Governor's office called Red Tape Reduction. One of the parts of that project is for agencies to review their rules for words deemed to be restrictive, such as shall, must, may not, required and prohibited.

The Board then conducted a review of each of its rules and the comments received regarding the rules.
