Executive Director Report
Sandy discussed the following pieces of legislation that may have a direct or indirect impact on the board or profession – house bills 1824, 1891, 2074, 1925 and senate bill 883. Sandy reminded the board that the Personal Financial Disclosures Form filing deadline is May 1st. She provided an update on the The Conference that she attended in February, 2014, along with Collin Follis. They are working on a model practice act; there are changes to the National Board Examination testing that result in a candidate not receiving the national board results at the time of the test and those scores will be released once The Conference is notified that candidate has fulfilled all other requirements for graduation/completion of their program; there will be 90 days between eligibility to test. Sandy updated the board on PNA/PNFDA renewal date change from October 31 to November 30 and indicated that the division’s rule to change the renewal date is in process. Sandy also reported that embalmer/funeral director renewal 2nd notices will go out first part of May to those who have not yet submitted their renewals. Sandy provided an update on communications with DHSS/Vital Statistics and stated that she and Lori met with them and are working on finalizing details to automate sending them information on licensees and status changes regarding those that do not have a current license or authorization to practice; Vital Statistics will be removing those establishments, funeral directors and embalmers from the electronic system and notify local office of ineligibility.
Sandy asked the board if they had any questions regarding the reports of new licenses, closed/ceased licenses, and disciplinary actions taken since the last board meeting. There were no questions. Sandy indicated that she was moving forward data gathering relating to outside legal counsel and asked the board if anyone wanted to be involved in the process. James Reinhard appointed Archie Camden and Collin Follis to assist. Sandy shared that there had been data gathering meetings with the vendor of the licensing system that the division is pursuing and the IT staff.

A member of the public asked about the financials being included on the agenda. It was discussed and Sandy indicated that she could include the financial report on each regularly scheduled meeting as information for the board.

Legal Counsel Report
Sharon reported that the Attorney General recently took a judgement against National Prearranged Services in the civil case of around $11 million. Sharon reported that federal litigation with SDR is moving forward and that the board has an Administrative Hearing Commission case filed against National Prearranged Services seeking default judgement.
Sharon stated that in the North Carolina Board of Dental Examiners vs FTC it was determined that the board was not an agency of the state but more of an association and that the case was now at the Supreme Court and the case was being watched by the division.
Sharon also reported that the Heffner case out of Pennsylvania lower court ruled the board could not do inspections without a search warrant and the appellate court sent it back.

Request from Dar-Aljalal Masjid Board Members
Sharon indicated that based on the request she did not feel that they fell within the board’s jurisdiction; suggested that if anyone believes that they are doing something other than what they state on the letter that was submitted to the board then a complaint should to be filed.

Discussion/Dialogue
Don Otto with the Missouri Funeral Directors and Embalmers Association stated that house bill 2074’s motive was good but overall the bill was not favorable and that they would be working with the sponsor to come up with language. The reported that the funeral procession bill was voted out on the senate side; there is not hearing yet on the preneed bill; and that there is language to modify language regarding continuing education requirements if a funeral director sells $15,000 life insurance policy.
Don reported that their annual convention would be in the middle of May and requested a speaker from the membership of the board. James Reinhard indicated that they request was noted and would be considered.
