**Disciplinary Actions**
Complaints are received from many sources, both mandatory reporters (hospitals, ambulatory surgical centers and temporary nursing staffing agencies) and others (nursing homes, employers, home health, public, etc.) All complaints that are filed against the license of a nurse are reviewed to determine what action should be taken by the Board. Following an investigation into the matter, the Board may either pursue disciplinary actions or non-disciplinary actions. The latter includes taking no action, issuing a letter of concern for the conduct or accepting voluntary surrender of the license. If the Board determines disciplinary action is appropriate, one of the following disciplinary actions may be pursued: censure, probation, suspension, and/or revocation.

**Hearings**
The Board has the authority to conduct two types of hearings: Disciplinary and Violation. When the Board determines to pursue disciplinary action, a settlement agreement is offered. If the licensee does not agree with the settlement agreement, the matter is filed with the Administrative Hearing Commission (AHC) to determine if there is cause to discipline the license of the nurse. If the AHC determines there is cause, a **Disciplinary** hearing before the Board is conducted to determine what disciplinary action should be taken. In FY 2013, 144 Disciplinary hearings were conducted. Once a licensee has been placed on discipline, they are required to abide by the terms of the disciplinary agreement or Board order. If they do not, a **Violation** hearing before the Board is conducted to determine what additional disciplinary action should be taken. In FY 2013, 87 Violation hearings were conducted by the Board.
