Missouri Board for Respiratory Care
Continuing Education Summary Report Form
Reporting Period: August 1, 2024 to July 31, 2026

Licensee Name: **Licensee Number:**

Activity Date	Activity & Sponsor	Number of Traditional Hours Earned	Number of Non-Traditional Hours Earned	Audit Documents attached
	Total:			

What is Traditional? Educational programs attended either in person or remotely by the use of telecommunication technology where the presentation is "live" and where the attendee can interact with and ask questions of the presenter during the presentation.
What is Non-Traditional? Programs that include a testing mechanism, not presented "live" where the attendee is not able to interact with and ask questions of the presenter during the presentation.

Approved Continuing Education Credits:

- Successful completion of college level academic course work in **respiratory care** with one (1) credit hour equaling twelve (12) CEU hours.
- Programs approved by the MBRC and/or the Association for Respiratory Care (AARC) and its state affiliates.
- Six (6) CEU hours will be awarded for successful completion of courses in ACLS, NASLS, NRP, or PALS but not more than twelve (12) CEU hours will be awarded for any combination of these programs during a two (2)-year period.

IMPORTANT: You are required to obtain twenty-four (24) hours of continuing education with at least twelve (12) of the twenty-four (24) hours coming from traditional programs.
